Re: Compensation

Dear Dr. Martin:

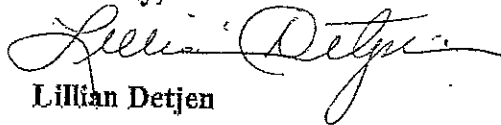

Over the last two weeks, I have worked many extra hours because of the storm. After learning of the closing of school on four different occasions, additional phone calls and text messages had to be made.

Reopening of school and finding subs to fill all the teachers' positions was a tedious, difficult and time consuming task. It all was done to your liking as you stated to me on several phone calls.

I am asking for compensation for approximately 18 hours at \$32.50 per hour. This work was done above the normal realm of my position.

Thank you for your attention in this matter.

Sincerely,

Lillian Detjen
