Memorandum of Agreement
2019-2020 School Year

This memorandum of agreement for the 2019-2020 school year for in-district workshop services between Gomo Educational Services and the Township of Union Public Schools.

I. Introduction:

With the increased requirements on educators for increased student academic performance, school and district leaders are observing growth with some student subgroups. However, gaps remain between other student subgroups. Educational researchers and sociologists have realized one important component of learning has been omitted that has not been consistently considered by legislators when academic requirements are being imposed. It is the issue of how to develop culturally responsive schools and classrooms where all students can and will learn.

Failure to implement culturally responsive classrooms in all schools is a form of inequity. These culturally irresponsible schools and classrooms go beyond issues of just race. It extends to gender, sexual orientation, culture, ethnicity, disabilities, etc.

II. Description:

Through varying examples of social emotional habits, the presenter will provide attendees experiences a full understanding of the fundamental unifying premise of acceptance to diversity. True stories and research in schools will illustrate the emotional dynamics and development of more productive schools and communities.

III. Goal

- 1) Develop healthy relationships between students to students and students to adults
- 2) Increase cultural awareness to offer options in the form of methods and approaches towards maintaining healthy relationships

IV. Dates:

July 27, 2020 & August 25 or 26, 2020

V. Pricing

Description	Quantity	Unit Price	Line Total
Culturally Competency for Administrators (in person or virtual training)	2 sessions (Full Day) 8am – 4pm	\$4,500.00	\$9,000.00
