FROM: Marie Barry, Director *Marie Barry*
Office of Career and Technical Education

SUBJECT: Preliminary FY13 Perkins Secondary Grant Allocations
Carl D. Perkins Career and Technical Education Act of 2006
U.S. Department of Education, CFDA # 84.048A

SECONDARY NONCOMPETITIVE PRELIMINARY FY13 ALLOCATION (NET): \$45,233

The Carl D. Perkins Career and Technical Education Improvement Act of 2006 (the Act) provides funds to states for distribution to local education agencies with approved career and technical education (CTE) programs. The allocation amount above is the preliminary net allocation available for your district to use, through the Perkins application process, to support approved CTE programs during academic year 2012-2013 (FY13), either as a single entity or as a member of a consortium.

A district is eligible to apply for funds allocated according to a formula established in Section 131 of the Act. The funding formula was derived using the most updated federal census data reflecting the 2010-2011 school district boundaries and local district CTE enrollment data. As required by the Act, seventy percent of the funds were allocated according to the number of school district residents, ages 5-17, whose families are below the federal poverty level. Thirty percent of the funding was determined using the general population figures, ages 5-17. From that "gross allocation," funds were allocated to the entities that provided the CTE instruction for the students. Agencies or schools serving students outside the local district, such as a county vocational school, a special services district, charter school, or the Katzenbach School, received a portion of the district's gross allocation based upon the number of district CTE students served by that agency. The following table shows how the gross allocation was distributed to determine the district's net allocation:

Gross Allocation: \$54,800	Number of CTE Students Served	Allocation Amounts
School(s) Receiving Students:		
County Vocational Schools	147	\$9,567
Charter Schools	0	\$0
Katzenbach/ Special Services Districts	0	\$0
Local District (Net Allocation) This is the amount to be budgeted		\$45,233
