Our public finance experience representing New Jersey boards of education is significant and covers the full range of New Jersey public finance at the board of education level. We have prepared bond referendums, have appeared regularly before the Local Finance Board, and have participated in bond, temporary note, refunding bond, including refunding bonds to finance an energy savings improvement program, and lease purchase financings on behalf of numerous boards of education located throughout the State.

We understand the Board's needs and have the requisite knowledge and experience to provide all services as Bond Counsel on all matters that pertain to public finance law. We will work diligently to assist the Board in planning, structuring and implementing all of its public finance objectives.

In brief, in connection with our bond work, the attorneys in DeCotiis' Public Finance Practice Group (i) are knowledgeable with regard to public finance law as provided for in the New Jersey statutes and administrative regulations, (ii) have extensive experience with the statutory framework applicable to New Jersey boards of education and local governments, (iii) pledge to provide prompt and responsive bond counsel services to meet all of the Board's needs and goals, and (iv) have the ability and possess the knowledge to advise the Board as to the form and sufficiency of all actions contemplated by the Board with reference to public finance law matters.

- Provide such other services to assist the Board in planning structuring and implementing all of its objectives pertaining to public finance matters as requested by the School Business Administrator/Board Secretary, Superintendent, the members of the Board of Education and the Board's staff and professionals.

He is an equity partner and has provided services to municipal entities in the State of New Jersey for over twenty (20) years. Mr. Kramer is a tax law expert, who holds an LL.M.-Taxation from New York University School of Law (the preeminent program in the country), is a Certified Public Accountant (albeit inactive having worked in the San Francisco and Palo Alto, California offices of Price Waterhouse) and has an MBA. He has prosecuted private letter ruling applications and represents parties before the Internal Revenue Service and the New Jersey Division of Taxation. In the municipal finance area, he has performed in excess of one hundred (100) rebate computations for issuers of tax-exempt obligations and is fully familiar with the federal tax compliance for issuers of tax-exempt bonds and the required computations for a properly completed federal Form 8038-T. Attorney Achievements

In addition to the vast experience of the attorneys in our firm's Public Finance Practice Group to serve our public sector clients, as illustrated above, the attorneys in this group have achieved professional excellence by their achievements in the following areas:

In 2012, the Firm was presented with an award by the New Jersey Alliance for Action for its work in improving New Jersey's infrastructure, economy, environment and quality of life in connection with a New Jersey Environmental Infrastructure Trust (the "NJEIT") project. The Alliance is a not-for-profit, non-partisan coalition of more than 2,500 business, laborers, academics and other professionals dedicated to improving infrastructure in the State of New Jersey, who selected DeCotiis as a "Savior of the Environment" for its work as local bond counsel to the City of Elizabeth on a \$7 million NJEIT project to separate the City's combined sewer system in the Midtown area of the City. DeCotiis worked with the City's staff, financial advisor and engineers to coordinate the financing for this project. Ultimately, 40% of the projects costs were financed at the Trust's "AAA" market rates, 40% of the costs were financed through a zero percent (0%) loan from the New Jersey Department of Environmental Protection (the "DEP"), and the remaining 20% of the costs were financed through the NJEIT's and DEP's loan forgiveness program. Bill Mayer was the participating attorney on behalf of the Firm for this transaction.

Essentially, DeCotiis' Public Finance Practice Group has the ability to put together creative public finance transactions and get the job done.

Dear Business Representative:

Congratulations! You are now registered with the New Jersey Division of Revenue.
