Dear Gregory:

Thank you for the opportunity to provide you with an Office Automation Solution for Union Township Board of Education.

As you may know, Atlantic Tomorrow's Office (Atlantic) is the region's leading vendor supplying public sector institutions with document management equipment. We know the needs of the public sector environment from documents to electronic files and work diligently to make sure our clients have the needed equipment to function on a daily basis. In today's economy we realize how important it is to have a vendor you can count on, a vendor that will work with you during all phases of your document workflow. We believe we have always strived to serve the needs of all of our clients and hope to meet the needs of Union Township Board of Education as well. At Atlantic, we work with our clients to provide a methodology that offers leading edge solutions while being very cost conscious. Solutions like this are not new to Atlantic, we have been doing so for over 50 years and a solid repeat client base (over 400 K-12 institutions) tells us we are making the right recommendations for our clients. Solutions that we recommend come from understanding our client's needs and offering world class solutions that can be implemented across your enterprise with outstanding results.

Please review the enclosed and I believe you will see how we work with our clients and the tools we use to provide cost saving solutions while increasing employee productivity.
At Atlantic we offer programs that carry out execution of recommendations and follow up that insures that we deliver what we promise. Atlantic works with many partners to deliver the right solution for our clients. Partners such as Microsoft, Toshiba, Ricoh, Savin, Konica Minolta, Kyocera/Mita, HP and Cube Pro 3D printers allow Atlantic to have the best solutions industry wide. After your review of the enclosed I am sure you will see that Atlantic offers our clients the best possible solutions as well as utilizing the most advanced tools and client service to keep our clients operating at peak efficiency.

Again, thank you for this opportunity to possibly serve Union Township Board of Education and provide you with a sensible solution to your document management needs.

Respectfully,

Al Figalora

Atlantic Tomorrow's Office History

A Little History

Atlantic Tomorrow's Office was founded in 1959 as Atlantic Photocopy. Through hard work and by taking great care of our customers, the Atlantic family has grown from a five person operation to a 240 employee corporation, supporting over 15,000 Organizations. We are currently Toshiba, Ricoh, Savin, Konica Minolta, Kyocera & HP authorized resellers, and are one of the largest independent office technology companies in the United States. Atlantic is an Office Technology and IT Solutions Company (VAR) providing horizontal nice market services to small and large corporations in the Tri-State area. Atlantic offerings include: Imaging, IT Support, Document Management, and Managed Services.

What Makes Us Different?

Atlantic's Seal of Satisfaction – We lay out our commitment to our customers in black and white not just with comforting words. The Seal of Satisfaction lists such items as guaranteed response time on service calls, loaner programs, and replacement programs. Our President's phone number is listed on the Atlantic Seal of Satisfaction as well to ensure that we live up to our high standards and you receive the service that you deserve. [Attached is Seal of Satisfaction]

As firms today accomplish due diligence in every aspect of purchasing best practice solutions, they look for vendors who can accomplish many tasks under one consultative umbrella. We at Atlantic understand and embrace this philosophy. Over the past few years we have researched additional practice areas that would make us a stronger resource to our clients and prospects. Below please find a listing and a description of our Managed Services. We are Atlantic Tomorrows Office with the power of one stop shopping for your document needs from creation to final disposition. We are more than a copier company, and here is why:

Service hours of operation
ATLANTIC will have service contacts available from 7:00 am to 6:00 pm Monday thru Friday. ATLANTIC offers one central "800" telephone number for all service calls. Our service response time is within 4 hours after receipt of notification.

Equipment and Supplies
ATLANTIC will provide all equipment requested and provide all supplies for all units under agreement with ATLANTIC. Equipment and supplies can be ordered through the World Wide Web via our client web portal, or by calling our toll free supplies telephone number. Al Figalora will be the primary account manager assigned to the Union Township Board of Education.

Billing Reports and Invoicing
At ATLANTIC we have found that client frustration with a vendor is not typically equipment or service related, rather frustrations arise from billing or invoice errors. To minimize this ATLANTIC will customize our invoices per the needs of the town. Typically prior to installation ATLANTIC will meet with our client, understand the needs and capture what our clients' desire for accurate billing. We feel that if we get the frame work correct the balance for the invoice is variable date which is collected automatically from the connected units so our billing/invoice issues are eliminated. ATLANTIC schedules account reviews to review our performance on a monthly or quarterly basis with our clients.

Implementation/Floor Plan layout
Prior to creating our implementation plan we typically meet with our client to review how our recommended solution will be laid out within their facility. We take special care in making sure that all areas have easy access to our units as to not waste valuable employee time. Once a floor plan layout is decided upon we can then create our implementation plan to insure all needed areas are addressed such as, electrical, space and ventilation requirements are provided for to insure proper performance of our recommended solution

Atlanticare rim
Records and Information Management

Since September 11, 2001, Regulatory Compliance issues to ensure a firm's Vital Records are available in case of a disaster have come to the forefront. Disaster Recovery/Business Continuity Programs are now considered mandatory for all firms doing business today, regardless of vertical market or doing business in the public or private sectors.

Atlanticare RIM's practice area provides legally sufficient best practice consulting services to ensure record keeping regulatory compliance. Our services include Records Retention Schedule and Policy and Procedures Development, Vital Records Programs and Disaster Recovery/Business Continuity modules. Records Management-trained Teams can also provide implementation of said Programs such as legally sufficient purge and destruction campaigns, industry-driven document audits, staff training, etc.

Atlanticare mps
Managed Print Services

Office printing costs are the most under managed expense in corporate America today. In fact, Gartner statistics show that 1%-3% of annual corporate revenues are spent on printing costs. In addition, IDC research demonstrates that few firms realize the magnitude of their spending on document production, distribution, storage, retrieval and document/content repurposing. Atlanticare's MPS practice area can help address each of these areas to help create efficiencies and reduce costs.

The Atlanticare MPS Program is a scalable, end-to-end managed print solution that provides automation creating efficiency to help drive down cost and allow you to focus on your business, not your print devices. Key features to this solution include just-in-time supplies inventory, preventative and proactive maintenance, levels 1 and 2 triage support, CPP billing, automated meter collection and a dedicated MPS fleet consultant.

Atlanticare dms
Document Management Solutions

Another major issue for firms today is staff having access to their own mission critical data. Unfortunately, seven out of ten office workers state they find it easier to locate other information rather than their own! In addition, data needs to be accessed in an expeditious and targeted manner that is totally secure. In today's "doing more with less" economic climate, document management is simplified utilizing Atlanticare DMS' tools coupled with best practice experience. "Green" initiatives and document security also come into the forefront with Document Management's inherent backup solutions.

Atlanticare it
IT Managed Services

The major issues firms state they have when engaging IT support organizations are unpredictable and uncontrolled IT spending. Atlanticare's Managed IT system protects your budget by offering service and billing based on a fixed monthly cost. In addition, our quarterly CIO reviews assist in planning for the rest of your fiscal year, and our fluid business model allows us to maintain a quality level of service while your business changes throughout the year.

Immediate cost savings are demonstrated by Atlanticare IT solutions with our efficient on boarding process. Complex IT systems are summarized to an executive level giving our Clients immediate insight into otherwise uncertain technological decisions.
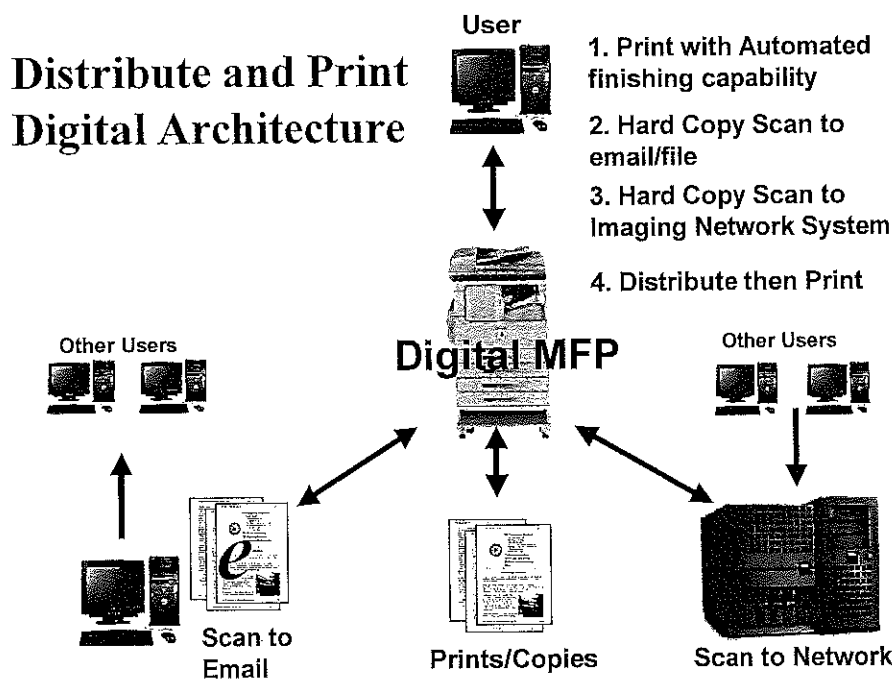

Our Process

Create digital output architecture with digital multifunction device (MFD) as the departmental hub for document distribution.

Opportunity

➢ **Migrate costs** from more expensive output devices to the digital MFD platform.

➢ **Increase staff productivity** by allowing users to send jobs directly to the MFD for printing and copying of single or multiple documents.

➢ **Reduce administrative** overhead on IT for printing

➢ **Standardization and consolidation** reduces multiple supplies, invoices separate user interfaces

➢ **Provide cost incentive** for sending large jobs to the copy centers rather than tie up Clark Board of Education labor on smaller machines.

Atlantic / Union Township Board of Education - Partnership Plan

With an Atlantic agreement, we form a partnership that is based on a strong commitment to serving you in the best ways possible. We do everything we can to make our business relationship a very positive experience for everyone involved.

AS PART OF OUR PARTNERSHIP PLAN, WE WILL OFFER A SOLUTION THAT ADDRESSES THE FOLLOWING AREAS:

- *Performance Standards*
- *Training*
- *Service Hours of Operation*
- *Equipment/Supplies*
- *Billing Reports/Invoicing*
- *Floor Plan /Layout*

Performance Standards

Performance Standards will be developed that will enable Atlantic and the Union Township Board of Education to develop standards as a guideline for future process improvement. Performance Standards will be reviewed on a monthly or quarterly basis during our account review process.

Standard	Measurement	Method	Frequency
4 Hour response time	Service Reports	Measure response time from initial service call	Quarterly
Correct Invoice	Atlantic Invoices	Compare invoice against actual meter readings	Quarterly

Training

Our recommendation includes a full training session for all employees so they are proficient in all areas of equipment usage including but limited to; automatic stapling, adding toner, one and two sided copying/printing, paper cassette selection , cover and sheet insertion.

Turn the everyday into an easy day

There are no easy answers. But at least there's an easy way to share the answers you have. Use the SAVIN® MP 2555/ MP 3055/MP 3555 to simplify everyday office tasks and move information to the people who need it most, in the format they prefer. Print and copy important business-class presentations and proposals and choose between multiple internal and external finishers for a professional, polished look. Scan full-color images, brochures and other forms and distribute them instantly. With the same pinch-and-flick and scrolling gestures you use on your smartphone or tablet, you can access critical information, set shortcuts and distribute information from the advanced 10.1"-wide Super VGA Smart Operation Panel. Or, connect remotely and work on the go. Take advantage of advanced security controls to help protect your data wherever it goes, from wherever you are.

- Print up to 35 prints/copies per minute for productive black-and-white output
- Use intuitive touchscreen controls to copy, print, scan and fax quickly
- Create your own workflows with shortcuts to simplify tasks
- Access, print and distribute information from your personal mobile device
- Minimize energy costs via a wide range of innovative eco-friendly features
- Produce professional-looking saddle-stitched and punched booklets, presentations and proposals
- Simplify sorting and stapling tasks with compact internal and high-output external finishers
- Toggle between stapled or stapleless finishing automatically with an external hybrid 1,000-sheet finisher

Add value to everything, everywhere

Enhance multifunction productivity effortlessly

Get the word out quickly

When sharing information, on-time delivery leads to on-the-money decisions. Use one-touch controls on the MP 2555/MP 3055/MP 3555 to print black-and-white notes, reports, presentations and more at up to 35 pages per minute (ppm). Use the 100-Sheet Automatic Reversing Document Feeder (ARDF) or 220-Sheet Single Pass Document Feeder (SPDF) to scan black-and-white or full-color originals and distribute them digitally in an instant. Store up to 3,000 files on the embedded Document Server. Grab the one you need and print or send it immediately with fewer steps to save time. Add paper trays and expand total paper capacity to 4,700 sheets to minimize interruptions.
Work whenever, wherever

A great idea can come out of nowhere. The key is being able to send it somewhere. Simply download the Smart Device Connector app on your Android® or iOS® devices to share information and print without printer setup configurations or utilities. Connect your Android and iOS devices with the MFP via Bluetooth (BLE), or Android devices using the Near Field Communication (NFC) tag. Grab information directly from cloud storage applications, such as Google Drive™, Box™ or Dropbox™, and print it using the Smart Device Connector app. Plus, you can now print emails and attachments with the latest version (v3.0) of the app. Scan originals at the MFP and send them to your personal device or directly to cloud storage, so you can access or distribute them digitally at your convenience. Printing from AirPrint® is also available.

Compel with quality

It's not a good look when your message goes unnoticed. Use the MP 2555/MP 3055/MP 3555 to impress audiences with sharp images and precise text at up to 1200 x 1200 dpi resolution in PC, Mac or Linux. Find important details and make changes quickly in fewer steps with the icon-driven drivers. For customers that require more complex work flows, these new devices now include standard PostScript to help improve productivity. With the 1.46 GHz Intel® based controller, you can handle your most complex printing and scanning tasks. Print on a wide range of paper types, from envelopes to cardstock to 11" x 17" sizes. Give output a new feel with thicker stocks up to 300 g/m². You can even create an easy-to-see poster from one of your current documents.
Speed up your workflow

Get in touch with productivity

Designed with Workstyle Innovation Technology, the customizable 10.1"-wide Smart Operation Panel uses your familiarity with today's touchscreen devices to provide a more intuitive user experience. Find the critical information you need quickly with the same pinch-and-flick, swipe scrolling and drag-and-drop gestures you use on your smartphone or tablet. All hard keys have been removed and information is displayed via easily identifiable icons in a grid-like interface. Customize the user interface with specific icons for important settings and features that you use regularly and perform specific tasks with a single touch. The MFP includes a web browser, so you can also print web pages, images and documents found online as PDFs.
Use shortcuts to move ahead quickly

You know what you have to do. Now, you know how to do it faster. Customize your own automated workflows on the Smart Operation Panel and reduce repetitive manual steps that can impede the flow of information. Download easy-to-use workflow apps from our Application Site to add specific features or single-function capabilities to simplify how you perform everyday tasks. For example, you can download the Conference Concierge app for step-by-step instructions on how to create supporting materials in the right format for your next big event. Download the ID Card Scan & Copy app to scan two-sided originals onto one side of a sheet of paper. You can even download the How-to Videos app for quick, convenient tutorials to expedite troubleshooting and customization tasks.

Integrate with fast, easy workflows

Your office does everything. But does everyone know how to do it? Simplify even the most complex tasks by integrating the MP 2555/ MP 3055/MP 3555 with workflow software. Automate document management workflows, improve printer security controls, track costs, issue chargebacks and much more. For example, you might handle hundreds of paper documents every day. Use GlobalScan™ NX to reduce manual touch points, so you can convert them into digital files and route them around the globe in only moments. You can even use device management software, such as Streamline NX®, for centralized one-source control to expedite document management tasks for your entire fleet.

Turn your best ideas into immediate action

Scan and share critical information

Make real productivity gains in real time with a wide range of scanning capabilities. Convert hardcopy documents and images into digital PDF, JPG or TIFF files and share them instantly via multiple Scan-to capabilities. Even your most complex and graphics-intensive files can be compressed, so you can send them without delays or image degradation. With optional Optical Character Recognition (OCR) scanning, you can create PDF files that can be searched for by keywords. Use Distributed Scan Management (DSM) to simplify scanning for your entire organization. Set user permissions, assign rules and customize delivery preferences to automate and expedite everyday scanning tasks.
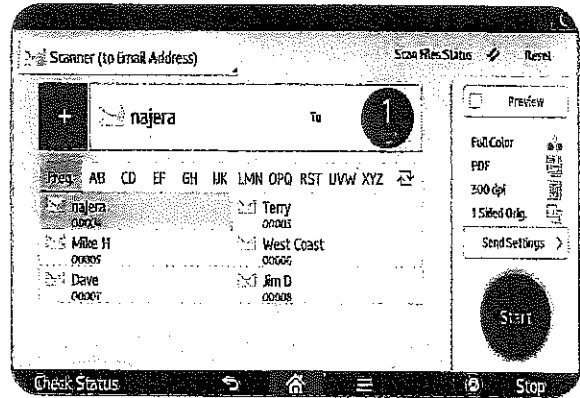

Cut your costs and environmental impact

Saving money should always be part of the plan. That's why we designed the MP 2555/MP 3055/MP 3555 with a wide range of sustainable, eco-friendly features. It is ENERGY STAR® certified and meets EPEAT® Gold criteria* to help reduce your environmental footprint. You can also schedule the MFP to power down when the office is empty and reduce paper costs with default duplex printing.

*EPEAT Gold rating is applicable only in the USA.
Keep tabs on your best people and ideas

A misplaced idea can turn into a missed opportunity. Protect information with a wide range of security controls. With user authentication, users have to log in to the MFP to gain access to information and controls. Have them enter a passcode, billing code or swipe an ID card with the optional NFC or HID card readers. You can track each user and see what they print and distribute. With Locked Print, jobs are held until the user releases them via authentication. Worried about excessive printing? Set print quotas. Want to charge departments for print usage? Add optional accounting software, such as Device Manager NX Accounting, to issue chargebacks. The hard disk drive offers powerful encryption protection. The built-in DataOverwriteSecurity System (DOSS) overwrites latent images remaining on the hard drive.

Make big productivity gains in small offices
1 Full-Color 10.1"-Wide Super VGA Smart Operation Panel: Navigate between jobs and tasks with precise fingertip control. Use the same pinch-and-flick and swipe scrolling gestures you use on your smartphone and tablet to access menus, check settings and initiate jobs effortlessly.

2 Automatic Reversing Document Feeder: Load up to 100 single-sided or double-sided color or black-and-white originals for fast and easy scanning, copying and faxing.

3 Standard Paper Trays: Load up to 1,200 sheets of paper — up to 11" x 17" — with two 550-Sheet Paper Trays and the 100-Sheet Bypass Tray.

4 Additional Paper Storage (Optional): Add the 2,000-Sheet Tandem Large Capacity Tray and 1,500-Sheet Side Large Capacity Tray to expand paper capacity up to an incredible 4,700 sheets for longer, uninterrupted print runs. Or, use the optional 1 x 550-Sheet Paper Tray or 2 x 550-Sheet Paper Tray for multiple paper sources on demand.

5 Document Retrieval: Separate output for easy retrieval even in the busiest offices with the optional 125-Sheet One-Bin Tray and the 250-Sheet Internal Shift-Sort Tray.

6 Document Finishing: Produce professional documents to minimize outsourcing. Design your own complete document production solution with optional finishers, including a 1,000-Sheet Booklet Finisher, 500-Sheet Internal Finisher and 250-Sheet Internal Stapleless Finisher. With the 1,000-Sheet Hybrid Staple + Stapleless Finisher, you can choose between traditional automated staples, or stapleless output for up to five sheets of paper. This unique technology minimizes supply costs, simplifies paper shredding and offers a safer option for unique audiences such as schools and food manufacturing organizations.

Single Pass Document Feeder (not shown): The MP 2555/MP 3055/MP 3555 have Single Pass Document Feeder (SPDF) versions to help expedite scanning tasks. Load up to 220 single-sided or double-sided color or black-and-white originals in the SPDF for fast and easy scanning, copying and faxing.

Improve workflows in your small office or workgroup

Manage configurations, updates and more remotely

Expand productivity from one device to an entire fleet. Use Device Manager NX from any web browser to configure devices, add updates and monitor usage. Updating print drivers has never been easier. Simply install Device Software Manager and they'll update automatically. Use @Remote to collect meter readings automatically. You'll also receive automated service alerts, so you can react quickly when maintenance is required. Need technical assistance? You can download a series of How-To apps from our Application Site.

Put productivity on display

You face difficult choices every day. Fortunately, they're a lot easier to make when you have the right information. Choose the SAVIN® MP 4055/MP 5055/MP 6055 to print, copy, scan and fax important notes, brochures, invoices, contracts and other documents quickly and economically. With the advanced 10.1"-wide Super VGA Smart Operation Panel, you can pinch, swipe and scroll like you do on your smartphone or tablet to check and adjust settings, automate tasks and distribute information with speed and precision. Select from multiple finishing options to add a professional touch to documents while eliminating outsourced printing costs. Set shortcuts to expedite everyday jobs. Print and distribute files while on the move using your personal mobile device. Help keep your best ideas safe with user authentication and other security capabilities. Plus, the versatile all-in-one MFP is designed specifically to use less energy, which helps reduce costs.

- Print up to 60 black-and-white prints/copies per minute
- Use the Smart Operation Panel to copy, print, scan and fax quickly
- Create automated workflows and shortcuts to simplify everyday tasks
- Expedite sorting, stapling, folding and hole punching via a wide range of finishing options
- Share information from your smartphone or tablet using the MFP
Create an easier way to work

Simplify tasks with customization and automation

Deliver on good information

Your best ideas can come at any time. Shouldn't you be able to share them the same way? Print up to 60 black-and-white pages per minute (ppm) to get the word out quickly. Use the standard Single Pass Document Feeder (SPDF) to transform one- or two-sided originals into digital files and distribute them via Scan-to options, including Scan-to-Email, FTP, PDF, URL and more. Store up to 3,000 frequently used forms on the embedded Document Server to keep the latest versions readily accessible. Add optional Optical Character Recognition (OCR) scanning to create searchable PDF files, so you can easily do a simple keyword search. An optional fax module lets you choose either Internet Faxing or LAN faxing over IP via optional Super G3 faxing to send digital files directly to your email inbox and reduce paper, transmission delays and multiple trips to the MFP.

Carry a lighter workload

When you stop, work stops. Use the MP 4055/MP 5055/MP 6055 to add workplace freedom without compromising productivity. Simply download the Smart Device Connector app on your Android° or iOS° devices to share information and print without printer setup configurations or utilities. Connect your Android and iOS devices with the MFP via Bluetooth (BLE), or Android devices using the Near Field Communication (NFC) tag. Grab information directly from cloud storage applications, such as Google Drive™, Box™ or Dropbox™ and print it using the Smart Device Connector app. Plus, you can now print emails and attachments with the latest version (v3.0) of the app. Scan originals at the MFP and send them to your personal device or directly to cloud storage, so you can access or distribute them digitally at your convenience. Printing from AirPrint° is also available.

Discover more ways to impress

Your audience knows a good idea when they see it. Use the MP 4055/MP 5055/MP 6055 to ensure they get a clearer look. Whether you're in a PC, Mac or Linux, you can produce crisp images with smooth gradations and precise text at up to 1200 dpi resolution. Print brochures, direct mail, presentations and more on a wide range of media — including envelopes, 11" x 17" sizes and thicker stocks up to 300 g/m² — to keep any audience's attention. You can even create an easy-to-see poster from one of your current documents. Choose between the icon-driven drivers to easily make subtle image changes prior to printing. For customers that require more complex work flows, these new devices now include standard PostScript to help improve productivity. With the 1.46 GHz Intel° controller, you can perform any task quickly and handle multiple jobs simultaneously. Plus, you can add optional paper trays to expand paper capacity to 4,700 sheets and output job after job on various paper types and sizes.
Press ahead with customized convenience

Tap into critical information

Use the large intuitive Smart Operation Panel to find important information and toggle between jobs and tasks quickly and conveniently with a single pinch, swipe or scroll. Designed with Workstyle Innovation Technology, the touchscreen offers multiple all-digital user interfaces that display critical information in a grid-like layout via easily identifiable icons. You can customize the look and layout and choose what's on display. Simply tap on any icon to access data, change settings, perform tasks and more. You can also find information online with the embedded web browser. Print web pages, images and documents as PDFs at any time.
Create shortcuts to productivity

You know what you have to do. Now, you know how to do it faster. Customize your own automated workflows on the Smart Operation Panel and reduce repetitive manual steps that can impede the flow of information. Download easy-to-use workflow apps from our Application Site to add specific features or single-function capabilities to simplify how you perform everyday tasks. For example, you can download the Conference Concierge app for step-by-step instructions on how to create supporting materials in the right format for your next big event. Download the ID Card Scan & Copy app to scan two-sided originals onto one side of a sheet of paper. You can even download the How-to Videos app for quick, convenient tutorials to expedite troubleshooting and customization tasks.

## Add software solutions to reduce your workload

There's always a way to get things done. More importantly, with the MP 4055/MP 5055/MP 6055, there's always an easier way. Add solutions to simplify complex workflows and automate many of your repetitive everyday tasks. With GlobalScan™ NX, you can digitize hardcopy originals and distribute them anywhere almost instantly with minimal effort. Use Streamline NX® for document creation, storage, retrieval, distribution, card authentication and more. Add Device Manager NX Accounting and issue chargebacks for individuals and workgroups with incredible speed and accuracy.

Perform every task with everyday consistency

Be secure with your message

Reduce risks with a wide range of security controls. Track users and their activity with User Authentication. Have every person enter a passcode or swipe an ID card by the optional NFC or HID card readers to access the device. Set print quotas for individuals or workgroups to minimize unnecessary printing. With Locked Print, jobs are held until the authorized user releases them, so sensitive information isn't left unattended for passersby. The hard disk drive includes powerful encryption protection, so you can share files with confidence, and a DataOverwriteSecurity System (DOSS) overwrites latent images on the hard drive.
Help reduce environmental impact

The MP 4055/MP 5055/MP 6055 is easy on your workload — and your budget. Take advantage of its many eco-friendly features. The MFP is ENERGY STAR® certified and meets EPEAT® Gold criteria*. We left some of the energy-saving options up to you. For example, you can schedule the MFP to power down when the office is empty and keep duplex printing as the default to reduce paper costs.

*EPEAT Gold rating is applicable only in the USA.
Perform administrative tasks with ease

Improve productivity throughout your fleet with multiple remote administrative tools. Add Device Manager NX to configure devices, add updates, monitor usage and more from a web browser. Install print drivers remotely with Device Software Manager. For meter reads and performance reports, use @Remote to collect data automatically. You'll know immediately when service is required via automated service alerts sent directly to your email inbox. Plus, our trained technicians are ready to help at any time.

Bring many enhancements to any environment
1 **Full-Color 10.1"-Wide Super VGA Smart Operation Panel:** With the same pinch-and-flick and swipe scrolling gestures you use on your smartphone and tablet, you can access information, check settings and perform tasks quickly and effortlessly.

2 **Single Pass Document Feeder:** Load up to 220 single-sided or double-sided color or black-and-white originals in the Single Pass Document Feeder (SPDF) for fast and easy scanning, copying and faxing.

3 **Standard Paper Trays:** Take advantage of two 550-Sheet Paper Trays and the 100-Sheet Bypass Tray to store up to 1,200 sheets of paper, including 11" x 17" stocks.

4 **Additional Paper Storage (Optional):** Expand capacity up to 4,700 sheets with a 2,000-Sheet Tandem Large Capacity Tray and 1,500-Sheet Side Large Capacity Tray. You can also choose a 1 x 550-Sheet Paper Tray or 2 x 550-Sheet Paper Tray to encourage on-demand printing.

5 **Document Retrieval:** Retrieve output easily — even in larger offices with multiple users — via the optional 125-Sheet 1-Bin Tray and the 250-Sheet Internal Shift-Sort Tray.

6 **Document Finishing:** Create your own production solution by choosing from multiple optional finishers. Choose a 500-Sheet Stapler Finisher to save floor space or opt for the external 3,000-Sheet Stapler Finisher to add a professional touch to larger jobs. Take your pick between 1,000-Sheet and 2,000-Sheet Booklet Finishers. Plus, you can opt for the 1,000-Sheet Hybrid Staple + Stapleless Finisher. Use it to toggle between stapled or stapleless finishing automatically depending on the number of pages you print. Stapleless finishing is ideal for schools, hospitals and public offices where recycling and safety are especially important.

■ **Document Folding (not shown):** Use the optional Internal Multi-Fold Unit to automate different types of paper folds, including tri-, Z- and half-folding, and produce more types of professional output in-house.

Be professional to the finish

Choose from a wide range of optional, easy-to-use finishers to enhance presentations, handouts, manuals and more to engage customers and coworkers. Each finisher helps automate tedious manual and repetitive tasks so you can move on to the next idea and the next opportunity quickly.

Use what you know to work the way you want

You have the know-how, but how can you use it to be more productive in higher volume work environments? With the SAVIN® MP 6503/MP 7503/MP 9003, you can take advantage of our new Workstyle Innovation Technology and simplify the way you work. Use what you know about specific tasks, jobs, users and more to customize automated workflows. Add one-touch shortcuts to transform your best ideas into actionable information and share it with anybody in any location via a wide range of scan-to capabilities. Download informative widgets and make more informed decisions that improve the speed and quality of your work. Find new ways to remain productive even when you're out of the office. Print directly from your smartphone or tablet and manage system administrative controls via your desktop. Do it all knowing critical information is protected with leading security features, including user authentication and encryption.

- Produce up to 90 black-and-white prints/copies per minute
- Simplify complex tasks with versatile multifunction performance
- Customize workflows with an intuitive touchscreen to improve productivity
- Boost collaboration with an embedded web browser and "Cloud-solution-ready" capabilities
- Streamline administration with easy-to-use remote management tools
- Protect documents and data from unauthorized users
Create new ways to be more productive

Move information in multiple formats quickly and reliably

Perform everyday tasks with ease

If there's one thing you know for certain, more work is on the way. Be prepared for it. Take advantage of print speeds up to 90 pages per minute and expanded paper capacity up to 8,300 sheets to minimize delays and transition between jobs quickly. Schedule larger jobs when the office is quiet to avoid print delays and shorten print queues by bypassing problem print jobs easily with Auto Job Promotion. With its innovative Motion Detection Sensor, the MP 6503/MP 7503/MP 9003 powers up from sleep before you even reach the control panel. Once there, it takes only a few taps to print, scan, copy or fax critical information in multiple formats, with extensive paper handling options.
Keep moving and stay productive

Work where you are, whenever you want. Use your smartphone, tablet or laptop to connect to the MP 6503/MP 7503/MP 9003 via wireless LAN and avoid cumbersome utilities, print drivers and software. Just download the Smart Device Connector App to control all print, copy, scan and fax functions from your Android or iOS device. Access digital files directly from your device or Cloud applications and send them to the MFP, where you can release them for safe printing once you arrive. When you want to avoid carrying piles of paperwork, you can simply store files on a USB/SD memory card and plug it into the MFP when ready to print.
Share information in moments

Timely information leads to better decisions. With the MP 6503/ MP 7503/MP 9003, you can use the Single Pass Document Feeder (SPDF) to quickly scan up to 120 single-sided or 220 double-sided images per minute — in color or black-and-white. You don't even have to close it to scan or copy books, pamphlets and magazines. With the Easy Book Copy App you can eliminate shadows in the margins or near the binding. Access LDAP-registered directories right at the device and send to clients, coworkers and other contacts with a single touch using delivery options such as scan-to email/folder/SMB/FTP and more. You can also use your personal address book on your smartphone to expand your list of recipients. Share contracts and other important documents with paperless faxing from your desk or personal mobile device. Forward incoming faxes to specific email addresses to save you the hassle of handling paper transmissions.

Nobody knows how to do your job as well as you do. Prove it. Use Workstyle Innovation Technology to tailor the MP 6503/MP 7503/MP 9003 to work the way you do. Create customized automated workflows to reduce repetitive tasks and manual errors. Simplify everyday tasks for your mobile workforce. Access information easily from the Cloud. Add one-touch shortcut icons for specific jobs. Best of all, you can do it with ease from the 10.1"-wide Super VGA Smart Operation Panel. Do you share a weekly report with multiple departments? Preset delivery destinations will minimize manual entry steps. Do you check specific information, such as toner levels, paper usage or print queues? Install one of the preloaded widgets on the Home Screen and have the information you need at your fingertips.

Tap into more productivity

We've removed all hard keys from the Smart Operation Panel, so you can enjoy tablet-like functionality and freedom and adjust to everyday workplace changes swiftly and intelligently. Savin's Workstyle Innovation Technology can help you access important details, change settings and move swiftly from one task to the next using the same pinch-and-flick, drag-and-drop and swipe scrolling techniques used on smartphones and tablets. You choose which icons, options and notifications that appear on your unique user interface. Simply tap in and out of easy-to-read displays and get the details you need to make more productive decisions. It's never been easier to perform everyday tasks. Print, copy, scan and fax with a single touch and complete projects with unprecedented speed and convenience. The MFP includes a standard, embedded web browser, so you can access information from your choice of Cloud applications or search for and print information from the Internet at the device.
Save time automatically

Store up to 3,000 frequently-used documents on the Document Server and access the files with a tap from the touchscreen. Use optical character recognition (OCR) to make your scanned document files searchable, so you can locate words quickly with a keyword search. The bypass tray can detect paper sizes automatically to simplify printing. When working with two-sided forms like drivers' licenses and insurance cards, you can use the ID Card Copy App to scan both sides and print them on a single-sided sheet of paper. In addition, you can take advantage of several Savin and third-party workflow software applications designed specifically to reduce manual steps and simplify how you share information.

Move information securely and reliably

Stay protected

You want to move information quickly, but not recklessly. With user authentication, you can force users to enter a passcode or billing code before they can use MFP functions. Because it's preconfigured to support Near Field Communication (NFC), you can opt to install an NFC Card Reader on the MFP, which grants access only after users swipe an identity or proximity card. With Locked Print, jobs remain in queue at the device, and out of sight, until the authorized user releases them. You can even pair the MFP with accounting software to issue chargebacks to specific users and departments. Place watermarks on documents to prohibit unauthorized copies of confidential information. Use powerful encryption to protect data on the 320 GB hard disk drive or the DataOverwriteSecurity System (DOSS) to destroy document images on the hard drive.
Take administrative control

Maintain productivity and minimize operating costs from a centralized location. Use Device Manager NX to monitor, configure and update via a web browser. Use @Remote to automate service calls and collect important device data, including meter readings and error details. IT managers can install Device Software Manager to automatically update print drivers. Are you worried users are abusing print privileges? Set print quotas for specific users or departments to curb excessive printing and subsequent costs. Is the MFP powered up over long weekends? Shut it down remotely to reduce your energy bill. Are users struggling with a feature or function? Contact our Support Help Desk directly and an experienced representative can access the user interface remotely and simplify troubleshooting.
Be responsible

Encourage responsible behavior with eco-friendly features designed specifically to reduce environmental impact and operating costs. Cut paper use and costs with default duplex printing. Save electricity by scheduling the MFP to power off when you know the office is empty — such as overnight or weekends — and reduce energy consumption significantly. Because the MFP meets EPEAT® Gold* criteria and ENERGY STAR® certifications, you can realize low Typical Electricity Consumption (TEC) rates. Track how much you're saving on paper with the convenient Eco-Friendly widget, where you can check usage stats and even share friendly reminders with users.
*EPEAT rating is applicable only in the USA.

# Combine power and convenience into a compact design
1. Base System: Choose between 65-, 75- or 90-pages-per-minute output speeds to get started.

Cover Interposer Trays (Optional/not shown): Feed pre-printed full-color or black-and-white covers and inserts into finishing workflows.

Multi-Fold Unit FD4000 (Optional/not shown): Meet a wider range of folding needs — including Half-Fold, Letter Fold-In (Tri-Fold), Letter Fold-Out (Tri-Fold), Gate-Fold, Double Parallel (Four-Fold) and Z-Fold — with the in-line Multi-Fold Unit.

2. 3,000-Sheet Finisher with 65-Sheet Stapler SR4120 (Optional/shown): Also choose from two other finishers; a 3,000-Sheet Finisher with 100-Sheet Stapler or a 2,000-Sheet Saddle-Stitch Booklet Finisher with 65-Sheet Stapler (Optional/not shown).

9-Bin Mailbox CS4010 (Optional/not shown): Find an abundance of space to separate and stack documents with this convenient 9-Bin Mailbox unit.

3. Paper Trays: Standard paper capacity is 4,300 sheets up to 11" x 17", which includes dual front-loading 550-Sheet Trays and a Tandem Paper Tray that holds 1,550 sheets in each of two compartments.

4. Single Pass Document Feeder: Scan up to 120 single-sided or 220 double-sided color or black-and-white images per minute via the one-pass Duplex Scanning Document Feeder.

5. Full-Color 10.1"-wide Super VGA Smart Operation Panel: Toggle between menus, settings and other controls with touchscreen convenience.

6. Bypass Tray: Feed a wide range of paper stocks, up to 110 lb. Cover, through the 100-Sheet Bypass Tray.

7. Large Capacity Tray LCIT4040 (Optional): Add the 4,000-Sheet Large Capacity Tray (LCT) for 8.5" x 11" paper sizes to expand total paper capacity to a whopping 8,300 sheets.

8. Normal/Reverse Grip Handles: Reload paper quickly and conveniently with easy-grip handles on all paper trays.

Slide right into automated convenience
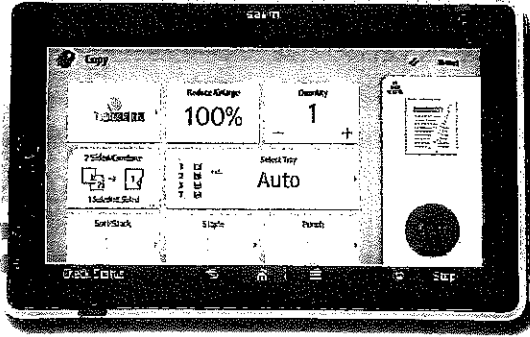

New User Interface: Meet your most unique workflow demands with this intuitive, easy-to-navigate user interface. It's set up in a grid layout, so features can be accessed dynamically. Use the familiar swipe scrolling and pinch-and-flick movements found on most touchscreens. Find key settings and adjust them with the same techniques. Take advantage of its built-in "Cloud solution ready" capabilities. You can even choose which shortcut workflows you want to place on the Home Screen.
Quick User Interface: There are several functions that almost every user needs, including immediate access to printing, copying, scanning and faxing. Access each with a single touch from the Quick User Interface and expedite common, everyday projects. To access more unique functions, such as ID Card Copy or Scan-to-Folder Helper, you can place these shortcuts on the Home Screen. Just tap it to get started.

Classic (Legacy) User Interface: Some people are reluctant to change. Don't worry — we have you covered. You can also still use the legacy user interface on the new touchscreen. Just tap its icon on the Home Screen and begin working with the familiar user interface you are accustomed to.
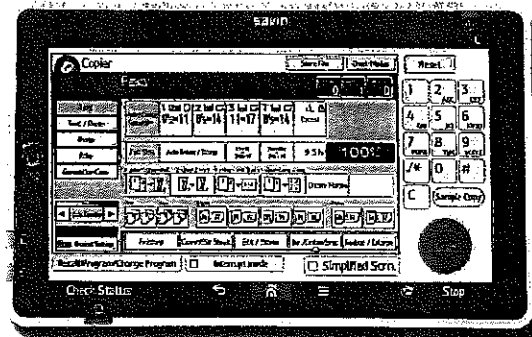

Make it look professional

Add the finishing touches to presentations, reports, briefs and more with a wide range of automated finishers that improve paper handling, stacking and stapling. Each reduces manual tasks, so you can complete jobs in less time with fewer errors. Choose the one that fits your office needs.

It's never been easier to grow your print business

Simplify the way you print with superior performance from the SAVIN® Pro 8210s/8220s multifunction production printer or SAVIN Pro 8210/8220 production printer. Deliver high-speed black-and-white documents and give your customers more print options so you can capture more of their business. Impress with high-quality newsletters, advertisements, bulletins, direct mail and much more on diverse media, including thicker paper stocks and larger sizes. Choose from multiple automated finishers to give every document a polished, professional look. Create automated shortcuts and utilize preconfigured settings quickly to save time. Change consumables and make adjustments on the fly. And do it all with intuitive controls that help you simplify the most complex workflows and meet the tightest deadlines.

- Produce black-and-white documents at up to 136 ppm
- Create compelling output with image resolution up to 1200 x 4800 dpi
- Print on media, including heavy and textured stock, up to 13" x 19.2"
- Send information electronically via several scan-to capabilities
- Expand paper capacity up to 12,650 sheets to extend print runs
- Automate finishing to produce professional results in less time
Meet more deadlines, realize more opportunities

Simplify high-volume, low-stress production printing

Let productivity lead to profitability

Use the Pro 8200 Series to print up to 136 pages per minute and meet more deadlines — so you can capture more revenue-generating opportunities. Add optional paper trays for up to nine types of media and 12,650 sheets total paper capacity to target more types of customers and jobs. Reload toner and media on the fly with dual toner cartridges and Active Tray Indicator lights. Keep tabs on system status from anywhere on the production floor via the Operator Call Light. Trained Customer Replaceable Units (TCRUs) provide all the necessary critical components on-site for easy replacement without service technician support.
Get innovative with more media choices

Choose from a wide range of media options to make your documents stand out. Print at sizes up to 13" x 19.2" for closer views of manuals and drawings. Use heavily-coated stocks up to 350 g/m² for attention-grabbing direct mail, postcards, brochures, newsletters and more. Quickly set up and print up to 13" x 27.5" uncoated book covers and composites with the optional Multi Bypass Banner Sheet Tray. Take advantage of standard support for No-Carbon Required (NCR) paper to keep production of this important workflow in-house. You can also print checks with the magnetic ink character recognition (MICR) option to expand your client list even more. It uses Rosetta's patented dual component ProMark™ 8100 MICR toner and optimized E-13B and CMC-7 MICR fonts to stand up to the punishment of dozens of passes through high speed reader-sorter machines.
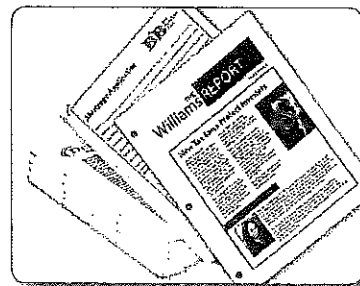

Create with clarity

Impress your customers with extremely high-quality output at up to 1200 x 4800 dpi resolution. The Pro 8200 Series uses more granular toner particles, so you can create photo-like images with smoother gradations and halftones. The system also delivers consistent front-to-back registration for precise alignment from the first print to the last on books, manuals, directories, brochures, postcards and other documents.
More features to manage more types of jobs

1 HCI3500 Plockmatic High Capacity Interposer (Optional): Feed pre-printed sheets from two sources for front and back covers. Insert a wide range of offset, color or coated paper up to 350 g/m² within a single booklet automatically. Take advantage of two trays with 3,500-sheet total paper capacity for extended runs with multiple paper stocks.

2 SR5050 3,000-Sheet Staple Finisher (Optional): Perform up to 100-sheet stapling for documents up to 13" x 19.2". Add flexibility with the optional Hole Punch Unit.

3 SR5060 2,500-Sheet Booklet Finisher (Optional): Use the in-line Booklet Finisher, as well as an optional Booklet Trimmer Unit or Hole Punch Unit, to produce stapled and saddle-stitched booklets cost-effectively.

4 DU5050 Decurl Unit (Optional): Reduce paper curling for more accurate stacking and greater throughput.

5 220-Sheet Automatic Document Feeder (Pro 8210s/8220s only): Expedite copy and scan jobs with single-pass color duplex scanning up to 220 images per minute.

6 BY5010 Multi Bypass Tray (Optional): Add up to 550 sheets of unique stocks and sizes. Produce banners, included on uncoated paper, up to 13" x 27.5" with an optional Multi Bypass Banner Sheet Tray.

7 Full-Color, 10.4" SVGA Control Panel: Perform everyday print tasks with ease and customization and transition from job to job quickly from the post-mounted, intuitive touch screen.

8 Operator Call Light: Find out instantly from anywhere in the print center the moment the printer's status changes.

9 VCSEL and Granular Toner Technology: Produce more vivid prints and smoother gradations for improved text, fine lines, graphics and photographic reproductions via Vertical Cavity Surface Emitting Laser and more uniform toner.

10 Heavy Media Support: Produce 13" x 19.2" output with heavy media (up to 130 lb. Cover through the RT5100 LCIT) to expand in-house production deliverables.

11 Paper Trays: Perform longer runs with tandem 2 x 1,100-Sheet Paper Trays and two 550-Sheet Paper Trays for a standard total paper capacity of 3,300 sheets. Add optional paper sources to expand capacity to 12,650 sheets.
Savin Pro 8220s

12 Active Tray Indicators: See which tray is in use quickly, so you can refill other paper sources without interrupting print jobs.

13 SK5030 High-Capacity Stacker (Optional): Use the 5,000-Sheet Stacker to run longer unattended jobs. Move large volumes of output to off-line binding, packing and shipping quickly via the rollaway cart. Lock the stacker door when printing confidential documents.

14 TK5010 A3/DLT Tray Kit (Optional): Expand paper capacity for larger sizes without taking up too much space by converting a standard paper drawer to an 11" x 17" drawer.

15 RT5100 Vacuum Feed Large Capacity Input Tray (Optional): Support a wider range of media with a three-belt air-delivery system and feed coated papers from 40 – 350 g/m³ with speed and accuracy. Add an optional BU5010 Bridge Unit and two 4,400-Sheet Vacuum Feed LCTs to maximize total paper capacity at 12,650 sheets.

Energy Efficiency: Perform tasks using less energy. The device is ENERGY STAR® certified and meets EPEAT® Gold* criteria to help minimize operating costs while reducing environmental impact.
*EPEAT Rating is applicable only in the USA.

Versatile Controller Support: Use the standard print controller to perform everyday print and workflow tasks quickly. Take advantage of PCL5e/6 as standard PDL support and optional genuine Adobe PostScript 3 and genuine IPDS to integrate seamlessly into almost any host environment with incredible reliability and page-recovery capabilities.

Fiery® EB-34 Controller (Optional): Execute end-to-end automated workflows and simplify advanced print management to expand production printing. Based on EFI's popular Fiery Server technology, this digital front end (DFE) controller offers more capabilities including Advanced Job Re-order and Tab Inserts. Plus, you can integrate its Paper Catalog feature with the MFP or printer's Paper Library function to instantly synchronize a print job's custom paper settings.

# Make a big production out of productive printing

Transition to digital quickly

Use the Pro 8210s/8220s multifunction production printer/copier/scanner to transform hardcopy documents into digital files and share them instantly right from the control panel. Scan two-sided documents at up to 220 images per minute and send them via Scan-to-Email, FTP, PDF, URL and other scan-to options so your clients can preview prints instantly or receive important information for faster, smarter decision-making. Or, you can scan files to a USB or SD card and deliver the files to your clients directly for greater mobility.
Control workflows to simplify workloads

Now you can focus more on growing your business instead of setting up print jobs. For example, use preconfigured print settings to automate routine steps. Select frequently run jobs from the device's Document Server instantly to save time. Use the optional Fiery® EB-34 Controller and integrate seamlessly with your Paper Library to access dozens of preset paper settings just as quickly. Plus, you can add RICOH TotalFlow® Prep, Print Manager, Production Manager, Path and BatchBuilder software to automate repetitive tasks, minimize manual touchpoints and simplify workflows for even the most complex commercial, CRD or high-volume print jobs.
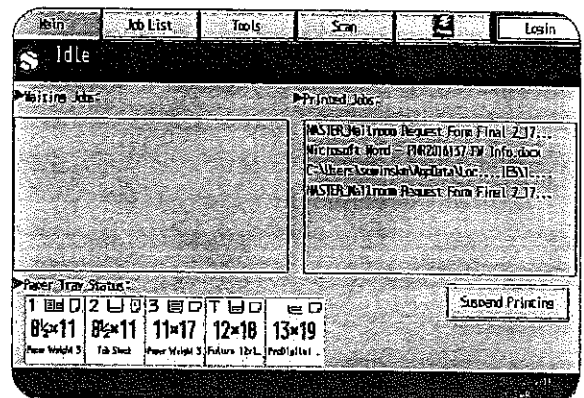

Impress at the finish

Choose from a wide range of options to give every job a polished, professional look while minimizing manual labor, errors and expense. Add automated stapling, saddle-stitching and de-curling to streamline production for booklets, presentations, newsletters, brochures and more. Automate multiple fold options to add another dimension for your direct mail jobs. Use the powerful ring binder for up to 50- to 100-Sheet ring-bound sets or the Plockmatic High Capacity Interposer to add pre-printed inserts from two sources. Take advantage of the Savin booklet finisher and its limitless output mode, so you can work continuously to maximize revenue opportunities. Or, use Savin's Peripheral Interface Port (RPIP) to connect with industrial finishing options such as the C.P. Bourg® BM-e Booklet Maker, Duplo DBM-350 Booklet Maker or Watkiss PowerSquare™ 224 Booklet Maker. Additional manufacturer's production finishing devices will also be certified for in-line connection with Savin's RPIP.

Environmentally Safe Products

EPA Energy Star® Program:

All proposed units are participating members of the Environmental Protection Agency ("EPA") Energy Star® Program for copiers and facsimiles. Energy Star® compliant units automatically turn-off after a period of inactivity, thus ensuring the copier is off during weekends and nights. The automatic shut-off features can result in more than a 60% reduction in annual electricity costs.

Ozone Generation:

All copiers using the electrostatic principle generate ozone. All proposed units utilize state-of-the-art technology and dedication to research and developments have minimized the system-inherent ozone. Any ozone still generated is eliminated almost completely by efficient ozone filters.

Noise:

All proposed units are designed to contribute to a low-noise environment. Energy Saver features put the unit in standby mode, reducing noise and saving energy.

Environmentally Safe Systems

The following proposed equipment and supplies have been implemented in furtherance of each manufacturer's environmentally responsible policies:

Paper Recycling:

All proposed units are manufactured to accept specific grades of recycled paper. There are many grades of recycled paper that do not comply with the recommendations of copier manufacturers. Some recycled papers have extremely short fibers, higher resin content, and generate higher dust particles. Some poor paper quality can affect the wear and tear on copier machines, resulting in more frequent miss-feeds or service calls. Atlantic can recommend the correct grade and quality of recycled paper for a specific copier.

Packaging Materials & Accessories:

Atlantic consistently explores new ways to use recycled packing materials such as boxes, pallets, and packing. For example, wooden crates are being replaced with 100% recyclable cardboard.
All proposed copier stands utilize a hi-solids baking enamel with low a Volatile Organic Compounds emission.

Toner Cartridge Recycling Program:

As part of an ongoing commitment, Atlantic offers a Toner Cartridge Recycling Program for our proposed units. Under this program, the firm can return their empty cartridge for recycling using a prepaid mailing label contained in the box.

Atlantic's Commitment to the Environment

Supply recycling is just one example of Atlantic's commitment to the environment.
Atlantic's "Go Green" programs continually strive to minimize the environmental impact in manufacturing, during use and in recycling of the products components at end-of-life.
