District Name	School Name	Principal Name	Plan Begin/End Dates
Township of Union	Burnet Middle School	Raymond Salvatore	Sept 2017 – June 2018

1: Professional Learning Goals

No	Goal	Identified Group	Rationale/Sources of Evidence
1	Continue to develop an understanding of Google Docs, Chromebooks and their use in the classroom.	All teaching staff and students	During our initial introduction to Google Docs, we found our staff and students currently have different levels of technological knowledge. It is important that they are comfortable and knowledgeable of the resources Google Docs and the Chromebooks avail them and their students.
2	Re-establish the PLC culture and activities for the current PLCs.	Teaching staff and administration	Our staff has participated in PLCs over the past seven-eight years. It is important to reestablish the culture and function of the PLC. Staff and administration were chosen to attend a conference in Atlanta, GA, June 2017. Information will be utilized to revitalize the current PLC and offer PD opportunities within the professional community.
3	Continue to develop a leadership program for our students.	Staff and administration	The Lead/Leader In Me program was introduced to the staff during the school year 2016-17. We are not currently eligible for grants but desire to utilize our students' prior learning of the leader in Me program.

2: Professional Learning Activities

PL Goal No	Initial Activities	Follow-up Activities (as appropriate)
1	<ul style="list-style-type: none"> • Administration, trained staff or an out sourced resource will provide training for all teachers in Google Docs and Chrome books • All teachers will participate in a two hour professional development session with ongoing training during PLCs and staff meetings 	<ul style="list-style-type: none"> • Clusters and PLCs will implement new lesson plans for district wide initiative • Develop a school culture that fosters continuous improvement through PLC, which promotes student achievement

<p>2</p>	<ul style="list-style-type: none"> • Administration, trained staff or an out sourced resource will provide training and support • All teachers will participate in a two hour professional development session with ongoing training during PLCs and staff meetings • Administration, trained staff or an out sourced resource will provide training for all teachers • All teachers will participate in a two hour professional development session with ongoing training during PLCs and staff meetings 	<ul style="list-style-type: none"> • Clusters and PLCs will implement new strategies while conducting PLCs • Utilize professional development gained during PLCs to drive lessons and evaluate students. • Clusters and PLCs will assess strategies that are currently working and adjust and create strategies based on the current student needs. • Utilize 7 habits in their teaching and the culture of the classroom • Continue to assist educators in recognizing and respecting students' strengths, talents, abilities, and perspectives. • Feedback will be provided to assess success of training and the need for ongoing training. 	<p>3</p>
----------	---	--	----------

3. Essential Resources

Goal No.	Resources	Other Implementation Considerations
<p>1,2, and 3</p>	<ul style="list-style-type: none"> • Out-sourced resources and administration will provide training and follow-up support • All teachers will have time to participate for one hour during three of the scheduled professional development days. • Teachers will collaborate to share successes and adjust less successful strategies during PLCs and staff meetings. • Teachers will have videos and webinars as additional resources. 	<ul style="list-style-type: none"> • Cluster and vertical meetings will be held during the PLC meetings to provide updates. • Feedback will be provided to assess success of training and if there is a need for ongoing training. • Administration, supervisors and support during PLCs will be used to assess the progress of the new leadership strategies. • Teachers will be identified to model their successful strategies.

All Stakeholders(Educators, Students, and Families)	Consistent topic and concern at parent roundtable, Genesis analysis of grades 6-8, various emails from parental stakeholder, and ScIP agenda.
2	Using Data analysis for effective RTI schoolwide	Administration, Teaching Staff, and Students	New RTI booklet coming from district that will vastly improve and normalize the process for all teachers grades 6-8. Training and assurances must be made for procedures to optimize/improve instruction.
3	Embedding SEL in Instructional Planning all subjects.	Administration, Teaching Staff, and Students	Solid evidence from Casel.org and empoweringeducation.org of the importance of mental health in all classrooms for both students and teachers. Evidence from disciplinary reports from Genesis.

2: Professional Learning Activities

P.L. Goal No.	Initial Activities	Follow-up Activities (as appropriate)

1	Administration, teacher leaders, or an outside vendor approved by the District will provide training for all staff. Organized Wednesday meetings will be utilized for ongoing PD for goal.	Weekly PLC work with evidenced based notes, emails, and correspondence of proof that Parent-Link is being implemented
2	Administration, teacher leaders, or an outside vendor approved by the district will provide training for all staff.	Weekly PLC work aligned with PLC data from each classroom teacher to ensure implementation and clarity of the new RTI booklet. Monthly debriefing of RTI work to building Principal, Supervisors and Vice-Principals.
3	Supervisors, administration, and all teachers.	Review of lesson plans by supervisors, PLC/teacher accountability, and Posted SEL goals on Google Classroom.

3: Essential Resources

PL Goal No.	Resources	Other Implementation Considerations
1	Approved outside resources, In District team development training, Scheduled and structured PLC time at the Building level.	Successful Parent Roundtables and existing Google Platform
2	New RTI booklet and additional articles recommended by PLC, Supervisors, or Building Administration.	Quarterly whole District Training to develop a culture district wide for RTI
3	Approved outside Vendor or In District Training Team composed of teacher leaders and administrators.	Group training at Rutgers University

SUMMARY INDIVIDUAL

Was the Writing PD this school year effective? If "No", please explain in the space labeled "Other".

26 responses

What was the efficacy of each of the components provided by the presenter? Rate on a scale of 1-5 (5 being the highest).

Did you enjoy every PD being on the same topic all year? If "No", please explain in the space labeled "Other"?

26 responses

What was the most applicable piece of the Writing PD that you took away? If this question does not pertain to you, type "Not Applicable".

26 responses

Not applicable (2)

Not Applicable (2)

Not

Students need to have tools in order to encourage writing in the various genres.

How to teach mini lessons

When the lesson was modeled, it was the most useful. When we were observed there was no real feedback to guide us.

The resources provided were amazing. I use them during every writing lesson.

Not at this time

The mini-lessons

all components of Writers Workshop

Using mentor texts to help present and build upon lessons to be used with the students.

The mini lesson concept

The modeling of the process of each writing genre.

Not Applicable

N/A

I think the overall structure and timing of the mini-lesson was most applicable. It definitely allows for more student independence in the writing process.

Dealing with difficult behaviors

I liked the turn and share before sending students to desk

My greatest takeaway was idea of infusing mini lessons in writing.

Demo lessons

Instruction of mini-lessons

n/a

Allowing students to write with student choice, mini-lessons, anchor charts, and conferencing rather than editing the students work.

Allowing students more creativity

Has the Writing PD proven useful to you in your efforts to improve student achievement?

School Professional Development Plan (PDP)

District Name	School Name	Principal Name	Plan Begin/End Dates
Township of Union	Hannah Caldwell Elementary School	Mrs. Kathryn DiGiovanni	July 1, 2017-June 30, 2018

1: Professional Learning Goals

No.	Goal	Identified Group	Rationale/Sources of Evidence
1	Increase students' reading skills across all grade and subject areas.	All	<ul style="list-style-type: none"> Reading levels will be established. During the 2017-18 school year, data will be collected periodically to document student progress with relation to the established standards.
2	Increase students' writing skills across all grade and subject areas.	All	<ul style="list-style-type: none"> Pre-post writing samples will be used as evidence of the students' progress during the course of the 2017-18 school year

2: Professional Learning Activities

PL Goal No.	Initial Activities	Follow-up Activities (as appropriate)
1	Professional development workshops will focus on reading comprehension skills for teachers. The strategies will then be used in the classroom to improve student achievement. Teachers will develop and incorporate reinforcement activities to monitor student achievement.	Teachers will participate in grade-level PLC meetings and will share information at faculty meetings and in-house PD workshops.
2	Students will establish and maintain writing journals and be presented with frequent writing assignments across the curriculum. Students will be taught the skills to become more positive, confident and motivated writers.	Monthly report to document student success. The principal/vice principal will also conduct informal visitations to the classrooms to support teachers in the application of improved reading practices. Teachers will expose their students to various forms of writing and confer with all students on an individualized basis in order to help students improve their writing skills. Student incentives for positive results.

During weekly PLC meetings, teachers will reflect on the appropriateness of the established rubrics. Teachers will ensure that all students have multiple opportunities to express their thoughts and ideas in written form.

2 Appropriate writing rubrics will be developed, explained and utilized by teachers and students.

3: Essential Resources

PL Goal No.	Resources	Other Implementation Considerations
1	Professional development workshops will focus on improving reading achievement with particular emphasis on reviewing reading assignments.	<ul style="list-style-type: none"> Teachers will collect and review data to assess student progress.
2	Workshops will focus on improving student achievement with particular emphasis developing the students' written language skills.	<ul style="list-style-type: none"> Compile a list of sites that can be used as a resource in the classroom and at home.

Other Suggestions for PD and Faculty Meetings

4 responses

- TRAINING FOR COTEACHER PAIRS (NOT FOR THE ESTABLISHED AND EFFECTIVE COTEACHERS, BUT RATHER FOR NEW COTEACHING PAIRS OR FOR ONES THAT ARE EXPERIENCING DIFFICULTY!)

- TEACHER UNDERSTANDING OF WHAT IT MEANS TO MODIFY CLASSWORK AND TESTS AND HOW TO BE EFFECTIVE IN DOING SO

- TEACHER UNDERSTANDING OF HOW TO ESTABLISH AND MAINTAIN AN EFFECTIVE RAPPORT WITH STUDENTS AND PARENTS (ESPECIALLY FOR PARENTS THAT MAY BE PERCEIVED AS DIFFICULT)

Virtual Faculty Meetings and PD's for Team Building/Morale

Having meetings where we are shown visually how use different online programs properly such as: My Learning Plan instead of written directions to follow and people being confused. Also, there should be better systems for making schedules for teachers for specials and extras such as Spanish, Health, iReady, and Library. The random walking around and filling in boxes is ridiculous and unfair especially if you are left with nothing that works with your schedule.

how to keep class moving in a positive way when your class has sited iep students and/or students who are testing waters in a new class/or district or just because no iep at this time.

Different ways to enhance parent communication

I think it would be beneficial to give teachers time to collaborate more and to also work on Unit Lesson Plans, or other assignments that require deadlines and data.

Whole brain learning, the leader in me, Ways to differentiate, Problem /Project learning, Building effective centers,

Just a suggestion: in the beginning of the school year we should have the following: 1. student organizational and studying skills 2. have a one stop center for just one week for parents to complete their child's lunch application 3. student can have an after school program for reading, math and perhaps homework

Just a suggestion: in the beginning of the school year we should have the following: 1. student organizational and studying skills session 2. have a one stop center for just one week for parents to complete their child's lunch application 3. an after school program for students to help with math, reading and homework.

School Professional Development Plan (PDP)

District Name	School Name	Principal Name	Plan Begin/End Dates
Township of Union Public Schools	Jefferson Grade 5	Laura Damato	Sept. 2017 - June 2018

1: Professional Learning Goals

No	Goal	Identified Group	Rationale/Sources of Evidence
1	Build capacity of all teachers in aligning their lesson plans and Assessments with the Common Core State Standards (CCSS).	All	<ul style="list-style-type: none"> • Improving alignment of instruction to standards is a priority goal in both the district and school improvement plans. • Review of a sample of lesson plans by principal along with lesson plans revealed that teachers need skill building in aligning lessons to standards.
2	Support teachers in creating and implementing high-quality reading and writing assignments and assessments that match the Common Core State Standards.	All	<ul style="list-style-type: none"> • Reading and writing are an integral part of the academic program. • This goal aligns with the district's priority of preparing all students for the rigor of Career and college readiness. • Through an analysis of data, it indicates that students are entering the 5th grade unprepared.
3	Build capacity of 5 th -grade teachers to increase student engagement in learning.	5 th Grade Teachers	<ul style="list-style-type: none"> • An analysis of SY16-17 aggregate teacher observation data indicated that teachers need professional learning in this area. • Content supervisors conducted classroom walk-throughs and participated periodically in school-based collaborative teams. Evidence collected by supervisors confirmed a need for professional learning in this area.

2: Professional Learning Activities

PL Goal No.	Initial Activities	Follow-up Activities (as appropriate)
1	<ul style="list-style-type: none"> Content supervisors will provide training for all teachers in unpacking and aligning content standards. All teachers will unpack the CCSS and NJCCCS with assistance of content supervisors. All teachers will align instructional units to the CCSS and NJCCCS. 	<ul style="list-style-type: none"> Teachers will invite colleagues (e.g., coach, colleague, supervisor) to critique their aligned instructional units. During Professional Learning meetings, teachers will create common assessments that align with CCSS. Teachers will implement aligned lessons and assessments and continually refine them in their respective PLC's. Content supervisors will continue to support teachers in the application of learning to practice.
2	<ul style="list-style-type: none"> Teachers will be trained in creating a common, standards-aligned high-quality assessment in each department to be used with reading and writing. Teachers will participate in a series of presentations and activities to increase awareness and understanding of assessment literacy. Teachers will be trained in using formative assessments to track students' progress toward attainment of SGOs. 	<ul style="list-style-type: none"> Teams will reflect on the quality of other pre-existing assessments and revise as necessary to align with the quality of the common assessment. Content supervisors will provide follow-up support as needed for individual teachers and teams. Teachers will analyze students' expected vs actual performance on reading and writing assessment in order to establish areas needing improvement.
3	<p><i>5th grade teachers will:</i></p> <ul style="list-style-type: none"> Participate in a district-sponsored training session on student engagement. Study the domain/element(s) in the evaluation practice instrument relevant to the professional learning goals. Participate in a peer-led workshop(s) on developing CCSS aligned classroom assignments that promote student engagement, incorporate differentiated instruction, and the flipped classroom. Read and self-reflect on one or more recommended publications on effective student engagement. 	<p><i>5th grade teachers will:</i></p> <ul style="list-style-type: none"> View and discuss with colleagues videos of model lessons. Visit colleagues' classes to observe model lessons that promote high student engagement in learning. Implement new strategies and collect evidence (e.g., student work products; observed student engagement) of impact. <p><i>These optional opportunities will be available to teachers:</i></p> <ul style="list-style-type: none"> Share reflections on the publication(s) teachers are reading. Participate in recommended webinars. Implement successful practices shared via teams and online communities.

3: Essential Resources

PL Goal No.	Resources	Other Implementation Considerations
1	<ul style="list-style-type: none"> • Content supervisors to provide training and follow-up support. • Teacher PD days dedicated to training and alignment work. • Dedicated time for collaborative teams to refine aligned lessons and assessments. 	<ul style="list-style-type: none"> • Feedback loop to inform training and ongoing refinement (e.g., surveys, conversations in teams).
2	<ul style="list-style-type: none"> • Qualified trainer to provide SGO trainings. • Time for teachers to participate in trainings reflective of the needs of the students and teachers. • Funding for stipends to attend training. 	<ul style="list-style-type: none"> • Availability of content supervisors to support teachers. • Principals advise teachers on needed revisions to Reading and Writing Assessments. • Possible intensive interventions for struggling teachers.
3	<ul style="list-style-type: none"> • Funding for substitutes while teachers attend workshops. • Dedicated time for collaborative teams to reflect on readings and videos and share evidence of impact on student learning. • Ensure teachers' access to videos, webinars, and online communities. 	<ul style="list-style-type: none"> • Supervisors should recommend teachers to model lessons. • Principals/evaluators should identify teachers who must view model lessons by colleagues. • Make plan for tracking student progress to assess impact of new teaching strategies.

4: Progress Summary

PL Goal No.	Notes on Plan Implementation	Notes on Goal Attainment
1	Teachers will participate in a Common Core workshop as well as PD for the implementation of I-Ready.	<ul style="list-style-type: none"> Teachers' will provide feedback as to the effectiveness of the training and if further training is needed to help in the implementation of the plan.
2	The Professional Learning Communities will have guided collaboration to address lacking areas.	We will track incoming data for growth including exit rates from our Academic Achievement Program.
3	Teachers will receive training early in September for our Positive Behavior Supports in Schools program. This includes strategies for establishing a rapport and building empathy. They will also continue to develop our Leader in Me program.	Analyze data relating to office referrals for unprepared and unmotivated students. We should see a decrease in these areas.

Kawameeh Middle School

Kawameeh Middle School School Professional Development Plan

District Name	School Name	Principal Name	Plan Begin/End Dates
Twp of Union Schools	Kawameeh Middle School	Jason Malanda	Sept 2017 - June 2018

1: Professional Learning Goals - These goals are based from the results of a climate survey taken by KMS staff, parents and students. A needs assessment was developed by the ScIP committee. The goals were also developed and reviewed during the ScIP meetings. Standards listed below are derived from the New Jersey Professional Standards for Teachers (N.J.A.C. 6A:9C-3.3)

No.	Goal	Identified Group	Rationale/Sources of Evidence
1	Enable teachers to modify instructional practices through effective PLC's to meet the individual needs of their students based on relevant and recent data.	All	<ul style="list-style-type: none"> • Continue to develop and improve our PLC process to become more effective at determining appropriate learning goals, having a clearer understanding of instructional standards and developing effective means of assessment. • Improving how teachers utilize data to better meet the needs of their students and adapt their planning accordingly. • Developing clear goals for instructional practice and student achievement aligned with our Mission and Vision • Developing a clear strategy to address all students' needs during the school year based on student performance on benchmark assessments, PARCC, and individual classroom assessments.
2	Educate staff members on the process of using Common Formative Assessment and Response To Intervention to target students in need at early points of intervention to improve overall student progress.	All	<ul style="list-style-type: none"> • Develop methods of assessment that provide immediate, useful information on student learning. • Use data to identify at risk students in order to provide support in a timely manner. • Develop practices to enrich the curriculum for students who are already excelling. • Develop a building wide schedule that allows interventions to take place in a timely manner during the school day.

<p>3</p>	<p>Educate staff members on effective classroom use of technology platforms including Chromebook Applications, Google Classroom Suite and other relevant sources.</p>	<p>All</p>	<ul style="list-style-type: none"> • Implement Google Classroom applications into the daily routines of all teachers and students in order to maximize use of technology and 21st century learning skills. • Develop essential skills needed to effectively manipulate the Chromebook to maximize its educational use. • Use Google platform as a means of gathering data for the purpose of improving instruction.
----------	---	------------	---

2: Professional Learning Activities

PL Goal No.	Initial Activities	Follow-up Activities (as appropriate)
1	<ul style="list-style-type: none"> • Administration or an out sourced resource will provide training for all teachers in how to properly identify and utilize data sources. 	<ul style="list-style-type: none"> • All teachers will participate in professional development sessions with ongoing training during PLCs and staff meetings.
2	<ul style="list-style-type: none"> • Administration or an out sourced resource will provide training for all teachers in implementation and development of a building wide LEAD program. 	<ul style="list-style-type: none"> • All teachers will participate in professional development sessions with ongoing training during PLCs and staff meetings.
3	<ul style="list-style-type: none"> • Administration will provide training to all teachers. • Training will be provided on I-Ready software to aid teachers in identifying reading deficiencies. 	<ul style="list-style-type: none"> • All teachers will participate in professional development sessions with ongoing training during PLCs and staff meetings.

3: Essential Resources

PL Goal No.	Resources	Other Implementation Considerations
1, 2 and 3	<ul style="list-style-type: none"> • Out-sourced resources and administration will provide training and follow-up support • All teachers will receive professional development in the above named areas throughout the school year. • Teachers will collaborate to share successes and adjust less successful strategies during PLCs and staff meetings. 	<ul style="list-style-type: none"> • Grade level and vertical meetings will be held during the PLCs meetings to provide updates. • Feedback will be provided to assess success of training and if there is a need for ongoing training. • Administration, supervisors and support during PLCs will be used to assess the progress of the new initiatives. • Teachers will be identified to model their successful strategies.

School Professional Development Plan (PDP)

District Name	School Name	Principal Name	Plan Begin/End Dates
Township of Union	Livingston Elementary School	Benjamin Kloc	July 1, 2017-June 30, 2018

1: Professional Learning Goals

No	Goal	Identified Group	Rationale/Sources of Evidence
1	<i>Build capacity of all teachers to increase their students' academic achievement.</i>	All	<ul style="list-style-type: none"> There will be an increase the number of students who score within the proficient level on the PARCC test.
2	<i>Increase students' writing skills across all grades/subject areas.</i>	All	<ul style="list-style-type: none"> Pre-post writing samples will be used as evidence of the students' progress during the course of the 2017-18 school year.

2: Professional Learning Activities

PL Goal No.	Initial Activities	Follow-up Activities (as appropriate)
1	Professional development workshops will focus on strategies/practices for improving student achievement. The language arts and math supervisors will provide training in aligning classroom instruction to the NJSL.	Teachers will work collaboratively in creating common assessments aligned with NJSL. The principal and supervisors will conduct formal and informal visitations to the classrooms to support teachers in the application of newly acquired instructional practices. Discussions/sharing of instructional practices will take place during weekly PLC meetings. Utilization of the I-Ready Program as well as practice using the computer to respond to open-ended questions.
2	Teachers will become familiar with the PARCC assessments as well as research-based strategies for improving student achievement. Students will establish and maintain a daily writing journal and will be presented with daily writing assignments across the curriculum. A grade appropriate writing rubric will be developed and utilized by teachers and students at all levels.	Teachers will expose their students to various forms of writing and confer with all students on an individualized basis. During weekly PLC meetings, teachers will reflect on the appropriateness of the established rubrics. Teachers will ensure that all students have multiple opportunities to express their thoughts and ideas in written form.

3: Essential Resources

PL Goal No.	Resources	Other Implementation Considerations
1 & 2	Professional development workshops will focus on improving student achievement with particular emphasis on developing the students' written language skills.	<ul style="list-style-type: none"> • Feedback regarding workshop presentations will be used to determine their effectiveness as well as the need for additional or alternate training. • Walkthroughs, formal observations, and the teachers' lesson plan book will be used to monitor the extent to which newly presented strategies/approaches are being utilized within the classrooms. • Availability of content area supervisors • Principal and/or the content supervisors may identify teachers who should view model lessons by colleagues.
1 & 2	Content supervisors will provide training and follow-up support. One full-day and five 2 ½ hour professional development workshops will be provided during the course of the 2017-18 school year. Funding has been appropriated for staff development.

Professional Development Workshop February 16, 2018 Agenda

- Next Generation Science Standards (1:15 – 3:00)
 - o Science Fusion. Are there any shortfalls as compared to the standards? (See link below to help find resources to teach the standards not addressed in Science Fusion or find other resources on your own.)
 - o Create lab/STEM Supply Order Wish List for 2018-19
 - o Student Record Keeping (Domain 4b)

Good afternoon everyone,

The PD topic for this Friday, February 16, 2018 will be "Next Generation Science Standards." You will be grouped with your grade level colleagues and will have to identify standards that are not addressed (or possibly lacking) in the current Science Fusion program. You will also have to start finding resources (web sites, books, lessons, STEM activities, periodicals etc.) that will help you teach these standards. Lastly, your grade level will need to begin developing a materials/supply order wish list so you might have everything needed to conduct experiments, projects and STEM activities in your classrooms. All paraprofessionals will be welcomed to stay for the PD. Those who choose to leave must do so after 1:30PM. There is still no online PD system. Thank you.

A great starting point might be this website...

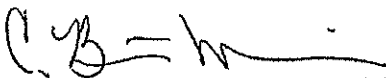

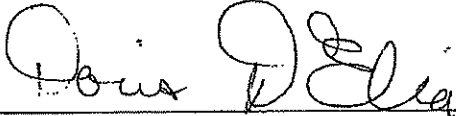

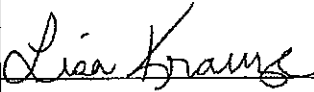

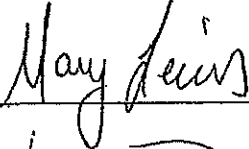

https://betterlesson.com/next_gen_science/browse/2111/ngss-3-ps2-1-plan-and-conduct-an-investigation-to-provide-evidence-of-the-effects-of-balanced-and-unbalanced-forces-on-the-motion?from=domain_core_lesson_count

PS The building PDP is to have students contribute toward record keeping (Domain 4b). The progress of this endeavor should also be briefly discussed. For instance, share what your students are doing in your classroom. Are they using a chart to track progress? Are they taking the lunch count each morning etc.?

- Team Building (cancelled) so it's i-Ready Data Analysis (1:15 – 3:15)
 - o Progress from Diagnostic #1 to Diagnostic #2
 - o Implications and Interventions
 - o Report Comparison per grade level
 - o Student Record Keeping with regard to i-Ready charts (Domain 4b)

Grade K

i-Ready Data Chat

- ❖ **Compare diagnostic windows 1 and 2 in both math and reading** (you may want to consider printing your class profiles and instructional grouping profiles)
- ❖ **For each subject consider these guiding questions as a grade, class, and/or individual students**
 - What are the bright spots?
 - Where are the opportunities for growth?
 - Are there any surprises?
 - Areas of need?
 - What instructional or intervention strategies can be put into place?
 - What resources can we use?
 - How will we monitor progress?

***Remember this information should be placed on your next PLC form**
