INTRODUCTORY SECTION

Patrick W. Martin, Ed.D. Superintendent of Schools

October 28, 2012

Honorable President and Members of The Board of Education of the Township of Union 2369 Morris Avenue Union, New Jersey 07083

Dear Board Members:

The comprehensive annual financial report of the Township of Union School District (the "District") for the fiscal year ended June 30, 2012, is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Township of Union Board of Education. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the district. All disclosures necessary to enable the reader to gain an understanding of the district's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the management's discussion and analysis, general-purpose financial statements and schedules, as well as the auditor's report thereon. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of State, Local Governments and Non-Profit Organizations," and the state Treasury Circular Letter 04-04 NJOMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations are included in the single audit section of this report.

1. <u>REPORTING ENTITY AND ITS SERVICES</u>: The Township of Union School District is an independent reporting entity within the criteria adopted by the Financial Accounting Standard Board ("FASB") as established by Governmental Accounting Standard Board ("GASB") in codification section 2100. All funds and account groups of the District are included in this report. The Township of Union School District and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels Pre-Kindergarten through twelve as well as education for children with special needs grades Pre-School through twelve. The District completed the 2011-2012 fiscal year with an enrollment of 7511 students, which is a decrease of 191 students from the previous year's enrollment. The following details the changes in the average student enrollment of the District over the last ten years.

AVERAGE DAILY ENROLLMENT

Fiscal Year	Student Enrollment	Percent Change
2011-2012	7510.7	-2.48%
2010-2011	7702.0	-0.76%
2009-2010	7760.7	-1.54%
2008-2009	7882.3	13%%
2007-2008	7892.9	32%
2006-2007	7918.3	71%
2005-2006	<i>7</i> 975.3	.15%
2004-2005	7963.6	07%
2003-2004	7968.9	67%
2002-2003	8022.5	90%

2. <u>ECONOMIC CONDITION AND OUTLOOK</u>: The Township of Union continues to reflect the economic conditions of the state and country as a whole. Residential, commercial and industrial properties continue to reduce in value with continued foreclosures. Commercial and residential properties remain on the market for long periods resulting continued vacancies. Unemployment continues to remain high with job growth weak.

Several commercial and residential long delayed projects have been completed with several new projects approved. There is a lack of confidence in both residential and commercial for sustained growth. The Township of Union remains well positioned for when the economic conditions in the country improve.

Union Station and the surrounding area continue to be a bright spot in the township showing surprisingly economic vitality.

3. MAJOR INITIATIVES: During the 2012-13 school year, the first level of initiative for the Township of Union Public School District is to comply with the mandates set forth for school districts in the area of bullying by the New Jersey State Department of Education. All staff and Board of Education members will be trained on how to recognize and report bullying. Proper parent/community meetings regarding the bullying initiative will be conducted. Incidents of bullying will be addressed by appropriate personnel, with the school community member who has bullied and the school community member who has bullied and the school community member who did the bullying receiving proper attention. Incidents of bullying will be appropriately reported to the school district's administration and Board of Education.

It is the goal of the Township of Union Public School District to eradicate incidences of bullying from the school community.

The second level of initiative will again have to do with Academic Proficiency Lists and Testing. The results of standardized testing during the 2011-2012 school year showed general improvement. Thus, this initiative and others concerning student academic growth, will be repeated and re-emphasized. For each grade level, pre-kindergarten through grade 8, a "Proficiency List" for mathematics and a "Proficiency List" for language arts was created by teachers and administrators. These lists are kept to one-page and outline the topics/skills that students MUST master on each grade level if they are to be able to compete and survive on the next higher grade level. The reasoning behind these lists is that if each student masters the "non-negotiable"

skills and learns the non-negotiable knowledge for each grade level, he/she should be able to succeed as he/she progresses through the years of education. The success rate for all students should be 100%, as is called for in federal No Child Left Behind legislation.

The proficiency lists were distributed to all parents at Back-to-School Nights, and they are easily accessible on the school district's website: www.twpunionschools.org.

All students will again be tested on their knowledge of the items on the Proficiency Lists twice a year: once on a Mid-Year Proficiency test in January . . . and then again on an End-of-the-Year Proficiency Test in June. The Mid-Year Proficiency Test is given to provide students, teachers, and parents with a mid-year look at how well each student is progressing. If a student is not able to complete the work on the End-of-the Year Proficiency Test, it is an indication that the student may not be ready for the academic challenges of the subsequent grade level, and proper remediation should be initiated. The results of Proficiency Tests will be shared with parents.

The third level of initiative will again have to do with Chapter Books. All students, pre-kindergarten through grade 12, in the school district will again be being asked to read six chapter books (beginning in middle school, these books are referred to as novels) during the course of the school year. These books are provided by the school district, and their titles are selected by faculty. Students in a class all read the same book at the same time. This allows the teacher and students to conduct discussions regarding the meaning of each book. This also allows the teacher to check to see if all students are completing reading assignments (through the use of comprehension quizzes).

After a class has completed a book, each student is required to write an essay about the message of the book. Faculty will provide essay topics. These essays, beginning in grade 3, must be in classic five-paragraph format. All essays will be graded by appropriate teachers, and it is recommended the copies are sent home to parents. Copies of each essay will be sent to the district superintendent for review. Copies of all essays will be kept on file in the conference room of the district office.

The fourth level of initiative is the continued monitoring of the expansion of language arts and math class periods in the district's two middle schools so that every student receives a double period of each subject each day. This "doubling up" of time spent on math and language arts gives teachers and students additional opportunities to identify and address weaknesses pupils might have in these crucial subject areas. Emphasis is given to allowing students to work cooperatively with other students during these extended periods so that children learn from their peers as well as their adult teachers. As was previously stated, standardized test scores in the district did improve last school year, and a continued analysis of the role of these double periods in the improvement continues to be examined.

The fifth level of initiative will again have to do with the "Bees" that will be taking place in the district's six elementary schools throughout the school year. These are old-fashioned spelling bees, mathematics bees, history-fact bees, etc. They require the students to study and memorize a certain set of facts in preparation for a visitor to their school (usually the math and language arts supervisor) who will conduct the "bee" in a large area such as the school auditorium. Efforts are made to visit the children first and announce and explain the "bee", and then, several weeks later, visit the children again to conduct the actual bee. This gives the children time to practice. Parents are informed of the coming bee, and this allows them an opportunity to help their children with their readiness.

The purpose of the bees is to encourage the children's mastery of essential "academic building blocks" that the child will call upon throughout his/her school experiences.

4. <u>INTERNAL ACCOUNTING CONTROLS</u>: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not

- absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.
- 5. <u>BUDGETARY CONTROLS</u>: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are approved for the capital improvements accounted for in the capital project fund. The final budget amount as amended for the fiscal year is reflected in the financial section.
- 6. <u>ACCOUNTING SYSTEM AND REPORTS</u>: The District's accounting records reflect generally accepted accounting principals, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements", Note 1.
- 7. <u>DEBT ADMINISTRATION</u>: The District passed a \$23.4 million dollar bond referendum on April 20, 2010, in order to demolish and reconstruct a major portion of Central-Five/Jefferson School and renovate the remaining portion of the school. The cost of which has been funded through the issuance of school bonds on September 8, 2011 in the amount of \$6,712,000 and a New Jersey School Development Authority grant in the amount of \$5,259,907 and a local education agency capital reserve withdrawal in the amount of \$12,000,000. Information related to the District's outstanding debt is recorded in the long-term debt schedules of the comprehensive annual financial report.
- 8. <u>CASH MANAGEMENT</u>: The investment policy of the district is guided in large part by state statute as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan, which requires it to deposit public Government Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in

New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the act.

- 9. <u>RISK MANAGEMENT</u>: The District carries various forms of insurance, including but not limited to general liability, excess liability, errors and omissions, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.
- OTHER INFORMATION: Independent Audit State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Suplee, Clooney & Company, CPAs was selected by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act Amendment of 1996 and the related OMB Circular A-133 and State Treasury Circular Letter 04-04 NJOMB. The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this report. The auditor's reports related specifically to the single audit section of this report.
- 11. <u>ACKNOWLEDGEMENTS</u>: We would like to express our appreciation to the members of the Township of Union Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our staff.

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education Township of Union County of Union Union, New Jersey 07083

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Township of Union School District, County of Union, New Jersey as of and for the year ended June 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey and the provisions of U.S. Office of Management and Budget (OMB) Circular A-133 "Audits of State, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Township of Union School District, County of Union, New Jersey as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

SUPLEE, CLOONEY & COMPANY

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated October 28, 2012 on our consideration of the Township of Union School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be considered in for assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Information in Exhibits C-1 through C-3 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the Township of Union School District's financial statements that collectively comprise the basic financial statements. The accompanying supplementary information schedules such as the combining and individual fund financial statements and the Schedules of Expenditures of Federal and State Awards, as listed in the table of contents, as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Nonprofit Organization," New Jersey's OMB Circular NJOMB 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid," and State of New Jersey, Department of Education, Division of Finance are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Township of Union School District, County of Union, New Jersey. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

SUPLEE, CLOONEY & COMPANY

In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole. The accompanying other information, such as the introductory and statistical sections, is presented for the purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

October 28, 2012

REQUIRED SUPPLEMENTARY INFORMATION - Part I

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The discussion and analysis of Union Township's School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2012. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the basic financial statements and notes to enhance their understanding of the School District's financial performance.

The Management's Discussion and Analysis (MD&A) is a new element of Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34 – Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments issued in June 1999. Certain comparative information between the current year (2011–2012) and the prior year (2010–2011) is required to be presented in the MD&A.

Financial Highlights

Key financial highlights for 2012 are as follows:

- ♦ In total, net assets increased \$6,013,148 which represents a 9.39 percent increase from 2011.
- ♦ General revenues accounted for \$114,320,032 in revenue or 91 percent of all revenues. Program specific revenues in the form of charges for services and operating grants and contributions accounted for \$11,759,177 or 9 percent of total revenues of \$126,079,209.
- ♦ Total assets of governmental activities increased by \$10,971,400 as cash and cash equivalents increased by \$5,209,180. Receivables decreased by \$2,339,236. Restricted cash and cash equivalents increased by \$1,588,085, and capital assets increased by \$6,513,372.
- The School District had \$120,066,061 in expenses; only \$11,759,177 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$114,320,032 were adequate to provide for these programs.
- ♦ Among governmental funds, the General Fund had \$117,048,189 in revenues and \$110,667,311 in expenditures and transfers in of \$1,093,317 from the Capital Projects Fund. The General Fund's fund balance increased \$7,474,195 over 2011. This increase was not anticipated by the Board of Education.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Union School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Assets and Statement of Activities provide information about the activities of the whole School district, presenting both an aggregate view of the School district's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School district's most significant funds with all other non-major funds presented in total in one column. In the case of Union School District, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Assets and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School district as a whole looks at all financial transactions and asks the question, "How did we do financially during 2012?" The Statement of Net Assets and the Statement of Activities answers this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector businesses. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net assets and changes in those assets. This change in net assets is important because it tells the reader that, for the school district as a whole, the financial position of the School district has improved or diminished. The causes of this change may be the result of many factors, some financial and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Assets and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- Governmental activities All of the School District's programs and services are reported here including instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- Business-Type Activity This service is provided on a charge for goods or services basis to recover all the expenses of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about the School District's funds. The School District uses many funds to account for a multitude of financial transactions. The School District's governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund, and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements. The notes to the financial statements can be found immediately following the fund financial statements.

The School District as a Whole

Recall that the Statement of Net Assets provides the perspective of the School District as a whole. Net assets may serve over time as a useful indicator of a government's financial position. The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

Table 1 provides a comparative summary of the School District's net assets for 2012 and 2011.

	Table 1 Net Assets	•		
•	ici Asseis	<u>2012</u>		2011

Governmental Activities

The unique nature of property taxes in New Jersey creates the legal requirements to annually seek voter approval for the School District operations, if the tax levy increase is greater than 2%. Property taxes made up 63 percent of revenues for governmental activities for the Union School District for fiscal year 2012. The District's total revenues were \$126,079,209 for the year ended June 30, 2012.

Sources of Revenue for Fiscal Year 2012

Federal/State Grants 35% Property Taxes 63% Charges for Services 1% Other 1%

The total cost of all program and services was \$120,066,061. Instruction comprises 56 percent of District expenses.

Expenses for Fiscal Year 2012

Instruction-Related 56%
Maintenance & Operations 9%
Administration 9%
Student Support Services 18%
Transportation 4%
Business Type Activities 3%
Interest on Debt Service 1%

Business-Type Activities

Revenues for the District's business-type activities (food service program) were comprised of charges for services and federal and state reimbursements.

- Expenses exceeded income by \$72,534.
- ♦ Charges for services represent \$1,607,621 of revenue. This represents amounts paid by patrons for daily food service.
- ♦ Federal and state reimbursement for meals, including payments for free and reduced lunches and breakfast, and donated commodities was \$1,446,136.
- Interest revenue was \$4,936.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3A & 3B show the total cost of services and the net cost of services for 2012, 2011 respectively. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

Business Type Activities	 2,997,205		12,961
Total Expenses	\$ 120,806,888	\$_	110,441,286

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration, and business include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

Interest on debt involves the transactions associated with the payment of interest and other related charges to debt of the School District.

"Other" includes special schools and unallocated depreciation.

The School District's Funds

All governmental funds (i.e., general fund, special revenue fund and debt service fund presented in the fund-based statements) are accounted for using the modified accrual basis of accounting. Total revenues amounted to \$123,454,613 and expenditures were \$117,065,145 resulting in an excess of revenues over expenditures of \$6,389,468.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds for the fiscal year ended June 30, 2012, and the amount and percentage of increases and decreases in relation to prior year revenues.

Patranua		2042 Amazunt	Percent	(Decrease)	Percent of Increase
Revenue		2012 Amount	of Total	From 2011	(Decrease)
Local sources	\$	80,121,559	64.90% \$	1,817,200	2.32
State Sources		38,789,814	31.42%	2,973,068	8.30
Federal Sources	_	4,543,240	3.68%	221,844	5.13
Total	\$ _	123,454,613	100.00% \$	5,012,112	4.23

Local revenues increased by \$1,817,200. The increase in local revenue was due to increases in property taxes and tuition and decrease in miscellaneous revenues, transportation fees and interest on capital reserves.

The following schedule represents a summary of general fund, special revenue fund, and debt service fund expenditures for the fiscal year ended June 30, 2012, and the percentage of increases and decreases in relation to prior year amounts.

	2012		Increase (Decrease)	Percent of Increase
Expenditures	Amount	Percent of Total	From 2011	(Decrease)
Current Expense:				
Instruction	\$ 45,184,576	38.60% \$	(1,842,633)	-3.92%
Undistributed		•		
expenditures	64,454,047	55.06%	349,114	0.54%
Capital Outlay	1,028,688	0.88%	(1,739,690)	-62.84%
0 15	0.004.44=	/		
Special Revenues	3,861,115	3.30%	(610,578)	-13.65%
Debt Service:				
Principal	1,445,000	1.23%	205,000	16.53%
Interest	1,091,719	0.93%	12,872	1.19%
Total	\$ 117,065,145	100.00% \$	(3,625,915)	-3.00%

Changes in expenditures were the results of varying factors. Current expense decreased due to staff reductions.

General Fund Budgeting Highlights

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Over the course of the year, the District revised the annual operating budget. Revisions in the budget were made to prevent over-expenditures in specific line item accounts. Several of these revisions bear notation:

- ♦ Interest income was less than anticipated. Interest rates remained some what constant due to economic conditions.
- ◆ Extraordinary aid, which is state aid for special education students whose individual program cost exceeds \$40,000 per year, was not fully anticipated, as there is no guarantee from the Department of Education that these funds would be available.
- ◆ TPAF, which is the state's contribution to the pension fund, is neither a revenue item nor an expenditure item to the district but is required to be reflected in the financial statements.
- ◆ Tuition for special education students is budgeted based on the existing and known incoming students at the time the budget is submitted. Students move into the District during the summer as well as the school year, which necessitates transferring funds to the appropriate account to pay these special education costs.

Capital Assets

At the end of the fiscal year 2012, the School District had \$67,952,220 invested in land, building, furniture and equipment, and vehicles. Table 4 shows fiscal year 2012 balances compared to 2011.

Table 4
Capital Assets (Net of Depreciation) at June 30

		<u>2012</u>	<u>2011</u>
Land	\$	9,553,000	\$ 9,553,000
Construction in Progress		8,397,762	1,045,764
Site Improvements	,	2,869,892	2,989,423
Building and Bldg. Improvements		43,872,164	45,031,449
Machinery & Equipment		3,259,402	2,818,912
Total	\$.	67,952,220	\$ 61,438,548

Overall capital assets increased \$6,513,672 from fiscal year 2011 to fiscal year 2012. The increase in capital assets is due primarily to construction in progress, building improvements, and machinery and equipment. For more detailed information, please refer to the Notes to the Financial Statements.

Debt Administration

At June 30, 2012 the School District had \$36,501,350 of outstanding debt. Of this amount, \$2,914,350 is for compensated absences; and \$33,587,000 of serial bonds for school construction.

Table 5
Outstanding Bonded Debt at June 30

2003 General obligation bonds 2005 Refunding bonds 2010 Refunding bonds 2011 General obligation bonds	\$ 2012 975,000 5,860,000 20,040,000 6,712,000	\$ 2011 1,900,000 6,245,000 20,175,000
Total	\$ 33,587,000	\$ 28,320,000

At June 30, 2012, the School District's overall legal debt margin was \$249,400,908. For more detailed information, please refer to the statistical section of the CAFR.

For the Future

The Union School District is in good financial condition. The School District is proud of its community support of the public schools. A major concern is the continued reliance on local property taxes. However, future finances are not without challenges as the community continues to grow and State funding is uncertain.

In conclusion, the Union School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact Mr. Manuel E. Vieira, School Business Administrator at Township of Union Board of Education, Administration Building, 2369 Morris Avenue, Union, New Jersey 07083.

Please visit our website at www.townshipunionschools.org

BASIC FINANCIAL STATEMENTS

The basic financial statements provide a financial overview of the District's operations. These financial statements present the financial position and operating results of all funds as of June 30,2012

DISTRICT-WIDE FINANCIAL STATEMENTS

The statement of net assets and the statement of activities display information about the District. These statements include the financial activities of the overall district, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

TOWNSHIP OF UNION SCHOOL DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Total net change in fund balances - governmental funds (from B-2)		\$ 5,320,081.89
Amounts reported for governmental activities in the statement of activities (A-2) are different because:		
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period		
Depreciation expense Gain (Loss) on Sale of Fixed Asset Capital outlays	\$ (2,141,353.12) (4,708.70) 8,659,433.39	6,513,371.57
Repayment of bond principal is an expenditure in the governmental funds, but the repayment red long-term liabilities in the statement of net assets and is not reported in the statement of activities.		1,445,000.00
Proceeds from debt issues are a financing source in the governmental funds. They are not rever the statement of activities; issuing debt increases long-term liabilities in the statement of net ass		(6,712,000.00)
Bond Issue costs are reported in the Governmental Funds as expenditures in the year the bonds are issued. However, on the Statement of Activities the costs are amortized over the life of the Bonds.		(63,625.00)
In the statement of activities, interest on long-term debt is accrued, regardless of when due. In governmental funds, interest is reported when due. The accrued interest is an addition in the reconciliation.		(152,920.76)
In the statement of activities, certain expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is a reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).		(264,225.00)
Change in net assets of governmental activities		\$ 6,085,682.70

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

The financial statements of the Township of Union School District have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

Reporting Entity

The Township of Union School District is a Type II District located in Union County, New Jersey. The School District is an instrumentality of the State of New Jersey, established to function as an educational institution. The District consists of elected officials. These officials are responsible for the fiscal control of the District. A Superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, are set forth in Statement No. 39 of the Governmental Accounting Standards Board entitled "Determining Whether Certain Organizations are Component Units" (GASB 39) as codified in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards.

Organizations that are legally separate, tax-exempt entities and that meet *all* of the following criteria should be discretely presented as component units. These criteria are:

- The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government.
- The primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources of the organization.
- 3. The economic resources received or held by an *individual organization* that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

The combined financial statements include all funds of the District over which the Board exercises operating control. The operations of the District include seven elementary schools, two middle schools and a high school. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Presentation, Basis of Accounting

The District's basic financial statements consist of District-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Basis of Presentation

District-wide Statements: The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish generally between the governmental and business-type activity of the District. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of net assets presents the financial condition of the governmental and business-type activity of the District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for the business-type activity of the District and for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as generally revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business segment is self-financing or draws from the general revenues of the District.

Fund Financial Statements: During the fiscal year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - governmental, proprietary, and fiduciary - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Governmental Fund Types

General Fund - The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the capital outlay subfund.

As required by the New Jersey State Department of Education, the District includes budgeted Capital outlay in this fund. U.S. Generally accepted accounting principles as they pertain to governmental entities state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues. Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to current expense by board resolution.

Special Revenue Fund - The Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Thus, the Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Governments (other than major capital projects, debt service or the enterprise funds) and local appropriations that are legally restricted or committed to expenditures for specified purposes.

Capital Projects Fund - The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds). The financial resources are derived from temporary notes or serial bonds that are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, funds appropriated from the General Fund, and from aid provided by the state to offset the cost of approved capital projects.

<u>Debt Service Fund</u> - The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Proprietary Fund

Enterprise Fund - The enterprise fund accounts for all revenues and expenses pertaining to cafeteria operations. The food service fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that the cost (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges. The district also considers the operations of the CAST as an enterprise fund.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method.

Fiduciary Fund Types

<u>Agency Funds</u> - The agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District. The agency funds included in this category are as follows:

<u>Payroll and Student Activities Funds</u> - These are agency funds used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

<u>Private Purpose Trust Funds</u> - A trust fund used to account for assets donated by individuals that will provide for the payment of awards and scholarships to district students.

<u>Unemployment Insurance Trust Fund</u> - A trust fund used to account for assets to finance the costs of unemployment compensation claims as they arise.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting - Measurement Focus

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

Districtwide, Proprietary, and Fiduciary Fund Financial Statements: The Districtwide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures. Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available.

The District is entitled to receive monies under the established payment schedule and the unpaid amount is considered to be an "accounts receivable". Revenue from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and "Measurable" means the amount of the transactions can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

All governmental and business type activities and enterprise funds of the District follow FASB Statements and Interpretations issued on or before November 30, 1989, Account Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. All budget amendments and transfers must be approved by School Board resolution. There was a budget amendment during the year ended June 30, 2012 in the amount of \$1,435,534.36.

All budget amounts presented in the accompanying supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year).

Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. The capital projects fund presents the remaining project appropriations compared to current year expenditures.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the legally mandated recognition of the last state aid payment for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial records.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Encumbrance Accounting

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund and capital projects fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Interfunds

Interfund receivables and payables arise from transactions between particular funds and are considered short term in duration. The Interfund transactions are recorded by all funds affected in the period in which the transactions are executed and are part of the district's available spendable resources.

Inventories and Prepaid Expenses

Inventories of materials and supplies held for consumption in the governmental funds are recorded as expenditures at the time of purchase and year end balances are not reported in the financial statements.

Inventories of food and/or supplies in the food service fund are recorded at cost on a first-in, first-out basis or, in the case of Food Distribution Commodities, at stated value which approximates market.

Prepaid expenses which benefit future period, other than those recorded in the enterprise fund, are recorded as an expenditure in the year of purchase.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Capital Assets

The District has an established formal system of accounting for its capital assets. Purchased or constructed capital assets are reported at cost. Donated capital assets are valued at their estimated fair market value on the date received. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated in the district-wide statements using the straightline method over the following estimated useful lives:

	Estimated
Asset Class	<u>Useful Lives</u>
School Buildings	. 50
Building Improvements	20
Electrical/Plumbing	30
Vehicles	8
Office & Computer Equipment	5-10
Instructional Equipment	10
Grounds Equipment	15

Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences." A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. Sick leave benefits provide for ordinary sick pay and begin vesting with employee after fifteen years of service.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences (Continued)

The liability for compensated absences was accrued using the termination payment method, whereby the liability is calculated based on the amount of sick leave and vacation days that are expected to become eligible for payment upon termination. The district estimates its accrued compensated absences liability based on the accumulated sick and vacation days at the balance sheet date by those employees who are currently eligible to receive termination payments.

For the District-wide statements of net assets, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the fund financial statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

Fund Equity

Fund balance reserves are used to indicate that portion of the fund balance that is not available for expenditures or is legally segregated for a specific future use. Designation of portions of the fund balances are established to indicate tentative plans for financial utilization in a future period. The unreserved fund balances represent the amount available for future budgetary operations.

Unrestricted retained earnings represents the remains of the District's equity in the cumulative earnings of the proprietary funds.

Deferred Revenue

Deferred revenue in the special revenue and capital projects funds represents funds which have been received but not yet earned. A corresponding accounts receivable has also been established for any open encumbrances at year end which is allowable under generally accepted accounting principles.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the District-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, contractually required pension contributions and compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Bonds are recognized as a liability on the fund financial statements when due.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

Fund Balance Reserves

In fiscal year 2012, the District implemented GASB Statement 54, "Fund Balance Reporting and Governmental Fund Type Definitions". This statement modifies fund balance reporting and clarifies fund type definitions. This new Statement aims to enhance the usefulness of fund balance information by providing clearer fund balance clarifications that can be applied more consistently.

The restricted fund balance classification includes amounts that are subject to externally enforceable legal restriction such as by constitutional provision, enabling legislation or other government imposed restrictions. The committed fund balance classification includes amounts constrained for a specific purpose by a government using its highest decision-making authority. The assigned fund balance classification includes amounts for all funds, other than the general fund with any remaining positive balances not already classified as restricted or committed. For the general fund, amounts constrained with the intent to be used for a specific purpose by the governing board or an official delegated authority by the board. The unassigned fund balance classification includes for the general fund, amounts not classified as restricted, committed or assigned. The general fund is the only fund that will report a positive unassigned fund balance. For all other governmental funds the amount of a residual deficit would be classified as unassigned. Fund balance restrictions have been established for excess surplus, excess surplus-designated for subsequent year's expenditures, capital reserve, maintenance and emergency reserve.

Revenues - Exchange and Nonexchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means within sixty days of the fiscal year end.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenues - Exchange and Nonexchange Transactions (Continued)

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from income taxes is recognized in the period in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the District must provide local resources to be used for a specific purpose; and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at fiscal year end: property taxes available as an advance, interest, and tuition.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise fund. For the District, these revenues are sales in the Enterprise Funds. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

Allocation of Indirect Expenses

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of the program. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Extraordinary and Special Items

Extraordinary items are transactions or events that are unusual in nature and infrequent of occurrence. Special items are transactions or events that are within control of management and are either unusual in nature or infrequent in occurrence. Neither of these types of transactions occurred during the fiscal year.

NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS

The Board considers petty cash, change funds, cash in banks, deposits in the New Jersey Cash Management Fund, and short-term investments with original maturities of three months or less as cash and cash equivalents. Investments are stated at cost, which approximates market.

Deposits

New Jersey statutes permit the deposit of public funds in public depositories which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a Banking Institution that is a member of the Federal Reserve System, and has capital funds of not less than \$25,000,000.00. Under (GUDPA), if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

Investments

The purchase of investments by the Board is strictly limited by the express authority of the N.J.S.A. 18A:20-37 Education, Administration of School Districts. Permitted investments include any of the following type of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;

NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Investments (Continued)

- 2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:20-37. These funds are also required to be rated by a nationally recognized statistical rating organization.
- Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor.
- Bonds or other obligations of the Local Unit or bonds or other obligations
 of school districts of which the Local Unit is a part or within which the
 school district is located.
- 5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investment of the Department of Treasury for investment by School Districts.
- 6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 18A:20-37. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
- 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C. 52:18A-90.4); or

NOTE 2: CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED

Investments (Continued)

- 8. Agreements for the repurchase of fully collateralized securities if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is not more than 30 days;
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C. 17:19-41); and:
 - e. a master repurchase agreement providing for the custody and security of collateral is executed.

As of June 30, 2012, the District had no investments outstanding. Based upon the limitations set forth by New Jersey Statutes 40A:5-15.1 and existing investment practices, the District is not generally exposed to credit risks and interest rate risks for its investments, nor is it exposed to foreign currency risk for its deposits and investments.

As of June 30, 2012 cash and cash equivalents of the District consisted of the following:

CASH AND CASH

	<u>EQUIVALENTS</u>
Checking Accounts Certificates of Deposit Savings Accounts	\$ 37,206,286.54 46,697.02 860.92
	\$ 37,253,844.48

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The District does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of June 30, 2012, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank of \$37,253,844.48, \$500,994.425 was covered by Federal Depository Insurance and \$36,752,850.23 was covered under the provisions of NJGUDPA.

Business and Other Suport Services	 21,768.00
	\$ 2,141,353.12

NOTE 4: LONG-TERM DEBT

Bonds are issued by the District pursuant to the provisions of Title 18A, Education, of the New Jersey Statutes and are required to be approved by the voters of the municipality through referendum. The proceeds of bonds are recorded in the Capital Projects Fund and are restricted to the use for which they were approved in the bond referendum. All bonds are retired in annual installments within the statutory period of usefulness.

School Bonds issued by the District are entitled to and benefit from the provision of the New Jersey School Board Reserve Act P.L. 1980 c.72. Basically, funds are held by the State of New Jersey within its State Fund for the Support of Free Public Schools as a school bond reserve pledged by law to secure payment of principal and interest due on such bonds in the event of the inability of the issuer to make payments.

NOTE 4: LONG-TERM DEBT (CONTINUED)

The following is a summary of changes in liabilities that effect other long-term obligations for the year ended June 30, 2012:

	Compensated			
	Bonds	Absences	•	
	<u>Payable</u>	<u>Payable</u>	<u>Total</u>	
Balance, June 30, 2011	\$28,320,000.00	\$2,650,125.00	\$30,970,125.00

	\$33,587,000.00	\$10,941,819.23	\$44,528,819.2

NOTE 4: LONG-TERM DEBT (CONTINUED)

School and refunding bonds payable with their outstanding balances are comprised of the following individual issues:

<u>Issue</u>	Amount Outstanding June 30, 2012	Bonds Authorized But <u>Not Issued</u>
\$25,557,000.00 in School Bonds dated August 15, 2003, with one remaining annual installment of \$975,000.00 due on August 15, 2012 with interest at 4.75%	\$975,000.00	\$ -0-
\$8,080,000.00 in Refunding School Bonds, Series 2010 dated April 2, 2005, due in remaining annual installments ranging between \$400,000.00 and \$690,000.00 beginning January 1, 2013 and ending January 1, 2023 with interest at 5.00%	6,245,000.00	-0-
\$20,175,000.00 in Refunding School Bonds dated November 11, 2010, due in remaining annual installments ranging between \$140,000.00 and \$1,330,000.00 beginning August 15, 2012 and ending August 15, 2028 with interest from 2.00% to 4.00%	20,040,000.00	-0-
\$6,712,000.00 in School Bonds dated September 8, 2011, due in remaining annual installments ranging between \$200,000.00 and \$395,000.00 beginning January1, 2013 and ending January 1, 2029 with interest from 2.00% to 3.50%	6.712,000.00	165.00
	\$33,587,000.00	\$ 165.00

NOTE 4: LONG-TERM DEBT (CONTINUED)

Refunding School Bonds

The district issued in fiscal year 2011 \$20,175,000.00 in Refunding School bonds to advance refund \$19,157,000.00 of the districts previously issued and outstanding school bonds. The reacquisition price exceeded the net carrying amount by \$1,018,000.00. This amount will be amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt issued. The current year portion charged to the Statement of Activities was \$63,625.00 leaving a balance of \$954,375.00.

Under the escrow agreement, the escrow is irrevocably pledged to the payment of principal and interest on the refunded bonds. As a result, the \$19,157,000.00 of the refunded obligations are considered to be defeased and the liability for those bonds has been removed from the financial statements.

Bonds Authorized But Not Issued

As of June 30, 2012, the District had \$165.00 in Bonds Authorized but not issued.

NOTE 5: PENSION PLANS

<u>Description of Plans</u> - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

NOTE 5: PENSION PLANS (CONTINUED)

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provision of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions - The vesting and benefit provisions of PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be 1/55 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years).

<u>Vesting and Benefit Provisions</u> - Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provision of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - Chapter 89, P.L. 2008 - Members of either retirement system who became members before July 1,2007 may retire at age 55 years of service or at age 60 with any number of years of service without a reduction in the amount of retirement allowance the members receive. There is a reduction in such an allowance if the member is under 55 years of age with 25 years of service. There is also a reduction in an allowance for members of either system who became members on or after July 1, 2007 and who retire between age 55 and 60 with 25 or more year of service.

NOTE 5: PENSION PLANS (CONTINUED)

Contribution Requirements - The contribution policy is set by N.J.S.A. 43:15A, and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a noncontributing employer of TPAF (i.e, the State of New Jersey makes the employer contribution on behalf of public school districts.

Three-Year Trend Information by PERS

Year <u>Funding</u>	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/2012	\$1,301,629.40	100%	\$1,301,629.40
6/30/2011	1,252,902.00	100%	1,252,902.00
6/30/2010	975,504.40	100%	905,504.40

During the fiscal year ended June 30, 2012, 2011 and 2010, the State of New Jersey did not contribute to the TPAF for normal and post-retirement benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$3,690,730.96 during the year ended June 30, 2012 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the basic financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

NOTE 6: OTHER POST-RETIREMENT BENEFITS

For eligible retired employees, the School District participates in the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

NOTE 6: OTHER POST-RETIREMENT BENEFITS (CONTINUED)

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

P.L. 1987, c. 384 and P.L.1990, c. 6 required Teachers Pension and Annuity Fund (TPAF) and Public Employees Retirement System (PERS), respectively, to fund Post Retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on state disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post retirement medical benefits through TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2011, there were 93,323 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994, c.62.

Funding of post-retirement medical premiums changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$144 million toward Chapter 126 benefits for 15,709 eligible retired members in Fiscal Year 2011.

The State will set the contribution rate based on the annual required contribution of the employers (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for TPAF retirees' post-retirement benefits on behalf of the School District for the years ended June 30, 2012, 2011 and 2010 were \$4,888,093, \$3,349,214 and \$3,178,012, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund for PERS retirees' post-retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey.

NOTE 7: <u>LITIGATION</u>

The Board attorney's letter advises that there is no litigation, pending litigation, claims, contingent liabilities, unasserted claims or assessments or statutory violations which involve the Board of Education and which might materially affect the Board's financial position.

NOTE 8: CONTINGENCIES

The Board receives financial assistance from the State of New Jersey and the U.S. Government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. The State and Federal grants received and expended in the 2011-2012 fiscal year were subject to the U.S. OMB A-133 and New Jersey OMB Circular 04-04 which mandates that grant revenues and expenditures be audited in conjunction with the Board's annual audit. Findings and questioned costs, if any, relative to federal and state financial assistance programs will be discussed in the Single Audit Section, Schedule of Findings and Questioned Costs. In addition, all grants and cost reimbursements are subject to financial and compliance audits by the grantors. The Board management does not believe such an audit would result in material amounts of disallowed costs.

NOTE 9: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

<u>Property and Liability Insurance</u> - The District maintains commercial insurance coverage for property, liability, and student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

NOTE 9: RISK MANAGEMENT (CONTINUED)

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The table below is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the District's expendable trust fund for the current and previous two years:

Fiscal Year	District Contribution	Interest	Employee Contribution	Amount <u>Reimbursed</u>	Ending <u>Balance</u>
2011-2012	\$200,000.00	\$6,999.56	\$40,570.78	\$252,444.65	\$1,208,429.71
2010-2011		8,580.22	99,963.58	169,984.60	1,213,304.02
2009-2010		2,753.81	98,775.74	106,962.18	1,274,744.82

NOTE 10: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at June 30, 2012:

<u>Fund</u>	Receivable	<u>Payable</u>
General Fund Special Revenue Fund Capital Projects Fund	\$ 609,219.10	\$ 241,326.63 609,219.10 10,187.85
Debt Service Fund	10,187.85	,
Enterprise Fund State Unemployment	241,326.63	
Insurance	279,259.86	
Payroll Agency	 	 279,259.86
	\$ 1,139,993.44	\$ 1,139,993.44

All balances resulted from the time lag between the dates that short-term loans were disbursed and payments between funds were made.

NOTE 11: FUND BALANCE APPROPRIATED – BUDGETARY BASIS

General Fund - Of the \$23,928,291.51 General Fund balance at June 30, 2012, \$1,692,025.12 is assigned to year-end encumbrances; \$5,508,551.47 has been restricted for the Capital Reserve Account; \$250,000.00 is restricted for maintenance, \$1,000,000.00 is restricted for emergencies, \$5,571,862.16 is restricted for excess surplus in accordance with N.J.S.A. 18A:7F-7; \$7,179,107.02 has been appropriated and included as anticipated revenue for the year ended June 30, 2012 and \$3,226,745.94 is unassigned.

<u>Debt Service Fund</u> - Of the \$292,430,.73 Debt Service Fund balance at June 30, 2012 the entire \$292,430.76 is restricted for Debt Service.

NOTE 12: <u>DEFICIT FUND BALANCES</u>

The District has a deficit fund balance of \$73,645.14 in the General Fund as of June 30, 2012 as reported in the fund statements (modified accrual basis). N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No.33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e. if one government recognizes an asset, the other government recognizes a liability. Since the State is recording the June state aid payment(s) in the subsequent fiscal year, the school district can not recognize the June state aid payment(s) (on the GAAP financial statements) until the year the State records the payable. Due to the timing difference of recording the June state aid payment(s), the General and Special Revenue Fund balance deficit does not alone indicate that the district is facing financial difficulties.

Pursuant to N.J.S.A. 18A:22-44.2 any negative, unreserved, undesignated general fund balance that is reported as a direct result from a delay in the June payment (s) of state aid until the following year, is not considered in violation of New Jersey statute and regulation nor in need of corrective action. The District deficit in the GAAP funds statements of \$824,727.26 (is equal to or is less than) the last state aid payment.

Township of Union School District Notes to the Financial Statements June 30, 2012

NOTE 13: CALCULATION OF EXCESS SURPLUS – BUDGETARY BASIS

In accordance with N.J.S.A.18A:7F-7, as amended by, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2012 is \$ 5,571,862.16.

General Fund Expenditures	\$	110,667,311.09
Increased by: Transfer from Capital Reserve to Capital Projects		
Fiscal Year Ended June 30, 2012	\$	110,667,311.09

Reserved -Excess Surplus-(June 30, 2012)	\$	5,571,862.16

Township of Union School District Notes to the Financial Statements June 30, 2012

NOTE 14: CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Township of Union Board of Education in the amount of \$1,401,000.00 in the 2000-2001 school year for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-5.1(d) 7, the balance in the account cannot at any time exceed the local costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the year ending June 30, 2012 year is as follows:

Increased by:			
Transfer In	\$	1,569,499.57	
Interest Earnings		18,585.13	
	-		1,588,084.70
Decreased by:			
Transfer out		\$	-0-
Ending balance June 30, 2012		\$	5,008,551.47

The June 30, 2012 LRFP balance of local support costs of uncompleted capital projects is \$48,923,190.00. The withdrawals from the capital reserve were for use in a DOE approved facilities project, consistent with the district's Long Range Facilities Plan.

NOTE 15: MAINTENANCE RESERVE ACCOUNT

A maintenance reserve account was established by the Township of Union Board of Education in the amount of \$250,000.00 in the 2007-2008 school year for the accumulation of funds for use as maintenance expenditures in subsequent fiscal years. The maintenance reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Township of Union School District Notes to the Financial Statements June 30, 2012

NOTE 15: MAINTENANCE RESERVE ACCOUNT (CONTINUED)

The maintenance reserve account is used to accumulate funds for the required maintenance of a facility in accordance with EFCFA (N.J.S.A. 18A:7G-9). The passage of S1701 also impacts deposits into maintenance reserve. EFCFA requires that upon the district completion of school facilities project, the district must submit a plan for the maintenance of that facility. The activity of the maintenance reserve for the July 1, 2011 to June 30, 2012 year is as follows:

Beginning balance July 1, 2011 and June 30, 2012

\$ _250,000.00

NOTE 16: EMERGENCY RESERVE ACCOUNT

An emergency reserve account was established by the Township of Union Board of Education in the amount of \$250,000.00 in the 2007-2008 school year for the accumulation of funds for use as emergency expenditures in subsequent fiscal years. The emergency reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

The emergency reserve account was created to fund medical expenses in excess of 4%. The emergency reserve account is used to fund unanticipated general fund current expense costs and may be established to supplement the reserve in the district's annual budget or through a transfer by board resolution at year end of any unanticipated revenue and unexpended line item appropriation amounts in accordance with N.J.S.A. 18A:7F-41.

Beginning balance July 1, 2011 and June 30, 2012

\$ _1,000,000.00

NOTE 17: <u>INVENTORY</u>

Inventory in the Food Service Fund at June 30, 2012 consisted of the following:

Food and Supplies

\$ _____28,545.89

The value of Federal donated commodities as reflected on Schedule A (required by the Single Audit Law of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of non-operating revenue in the financial statements.

TOWNSHIP OF UNION SCHOOL DISTRICT BUDGETARY COMPARISON SCHEDULE BUDGET TO GAAP RECONCILIATION NOTE TO RSI FOR THE FISCAL YEAR ENDED JUNE 30, 2012

Note A - Explanation of difference between budgetary inflows and outflows and GAAP Revenues and Expenditures

and GAAP Revenues and Expenditures				
		GENERAL FUND	. <u> </u>	SPECIAL REVENUE FUND
Sources/inflows of resources				
Actual amounts (budgetary basis) "revenue" from the budgetary comparison schedule	\$	117,089,213.77	\$	3,351,324.48
Difference - budget to GAAP:				
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related revenue is recognized.				509,790.39
State Aid payment recognized for GAAP statements in the current year, previously recognized for budget purposes		4,010,448.00		
State Aid payment recognized for budgetary purposes not recognized for GAAP statements until the subsequent year		(4,051,473.00)		
Total revenues as reported on the statement of revenues, expenditures and changes in fund balances - governmental funds.	\$ 	117,048,188.77	* = * = *	3,861,114.87
Uses/outflows of resources				
Actual amounts (budgetary basis) "total expenditures" from the budgetary comparison schedule	\$	110,667,311.09	\$	3,351,324.48
Difference - budget to GAAP:				
Encumbrances for supplies and equipment ordered but not received is reported in the year the order is placed for budgetary purposes but in the year the supplies are received for financial reporting purposes.	٠.			509,790.39
Total expenditures as reported on the statement of revenues,				
expenditures, and changes in fund balance - governmental funds	\$	110,667,311.09	\$	3,861,114.87

PROPRIETARY FUND DETAIL STATEMENTS

Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

FOOD SERVICES FUND:

This fund provides for the operation of food services in all schools within the school district.

COMMUNICATION, ARTS AND SCIENCE TRAINING (CAST) FUND:

This fund provides for the operation of communication arts and science training in the high school.

FIDUCIARY FUNDS DETAIL STATEMENTS

Fiduciary funds are used to account for funds received by the District for a specific purpose.

Private Purpose Trust Funds:

This fund is used to account for assets held by the district

under the terms of a formal trust agreement, whereby the district is under obligations to maintain the trust principal and award scholarships from the

income and to account for donations held by the district for grants

to students where there are no restrictions regarding the use of principal

and income.

Unemployment Compensation

This trust fund is used to pay

Insurance Trust Fund:

unemployment compensation claims as they arise.

Agency funds are used to account for assets held by the District as an agent for another party.

Student Activity

Fund:

This agency fund is used to account for student funds held at the schools.

Payroll Fund:

This agency fund is used to account for the payroll transactions of the

school district.

TOWNSHIP OF UNION SCHOOL DISTRICT STATISTICAL SECTION

Contents

<u>Page</u>

Financial Trends:

These schedules contain trend information to help the reader understand how the district's financial performance and well being have changed over time.

J-1 to J-4

Revenue Capacity:

These schedules contain information to help the reader assess the district's most significant local revenue source, the property tax.

J-5 to J-9

Debt Capacity:

These schedules present information to help the reader assess the affordability of the district's current levels of outstanding debt and the district's ability to issue additional debt in the future.

J-10 to J-13

Demographic and Economic Information:

These schedules offer demographic and economic indicators to help the reader understand the environment within which the district's financial activities take place.

J-14 to J-15

Operating Information:

These schedules contain service and infrastructure data to help the reader understand how the information in the district's financial report relates to the services the district provides and the activities it performs.

J-16 to J-20

Sources

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports (CAFR) for the relevant year. The district implemented GASB Statement 34 in the fiscal year ending June 30, 2009; schedules presenting district-wide information include information beginning in that year.

Note:

NJSA 188:7F-5d limits the amount that the district can submit for a general fund tax levy. The levy when added to other components of the district's net budget may not exceed the prebudget year net budget increased by the cost of living or 2.5 percent, whichever is greater, plus any spending growth adjustments.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable. b Rates for debt service are based on each year's requirements.

Union Township School District Debt		-	33,587,000.00
Total Direct and Overlapping Bonded Debt		\$ _	118,441,260.15

Sources:

Assessed value data used to estimate applicable percentages provided by the Union County Board of Taxation.

Debt outstanding data provided by each governmental unit.

Note

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District.

This schedule estimates the portion of the outstanding debt of those over

businesses of the Township of Union. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the

entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that

every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF BASIC FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Education Township of Union County of Union Union, New Jersey 07083

We have audited the basic financial statements of the Township of Union School District, County of Union, New Jersey as of and for the fiscal year ended June 30, 2012 and have issued our report thereon dated October 28, 2012. We conducted our audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township of Union School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the basic financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township of Union School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township of Union School District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, such that there is a possibility that a material misstatement of the Township of Union School District's financial statements will not be prevented or detected on a timely basis.

SUPLEE, CLOONEY & COMPANY

Our consideration of internal control over financial reporting was limited for the purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township of Union School District's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of management and the Board of Education of the Township of Union School District, the New Jersey State Department of Education and federal and state audit awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL
AND STATE FINANCIAL ASSISTANCE PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

Honorable President and Members of the Board of Education Township of Union County of Union Union, New Jersey 07083

Compliance

We have audited the compliance of the Township of Union School District with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the New Jersey State Grant Compliance Supplement that are applicable to each of its major federal and state programs for the year ended June 30, 2012. Township of Union School District's major federal and state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of Township of Union School District's management. Our responsibility is to express an opinion on Township of Union School District's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey and the provisions of U.S. Office of Management and Budget (OMB) Circular A-133 "Audits of States, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Township of Union School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Township of Union School District's compliance with those requirements.

SUPLEE, CLOONEY & COMPANY

In our opinion, the Township of Union School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended June 30, 2012.

Internal Control Over Compliance

The management of the Township of Union School District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the Township of Union School District's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Township of Union School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management and the Board of education of the Township of Union School District, the New Jersey State Department of Education, and federal and state audit awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Township of Union School District Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance Year Ended June 30, 2012

NOTE 1. GENERAL

The accompanying schedules of expenditures of Federal Awards and State financial assistance include federal and state award activity of the Board of Education, Township of Union School District. The Board of Education is defined in Note 1 to the District's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies, is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying schedules of expenditure of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These basis of accounting are described in Note 1 to the board's basic financial statements. The The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States Local Governments, and Non-profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the basic financial statements.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedule (RSI) are presented for the general fund and special revenue fund to demonstrate finance-regulated legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payment in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, payments are not recognized until the subsequent budget year due to the state deferral and recording of one or more June state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenue, whereas GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$41,025.00 for the general fund and \$529,619.05 for the special revenue fund. See Exhibit "C-3" for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented on the following pages.

NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5. OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the district for the year ended June 30, 2012. TPAF Social Security contributions represents the amount reimbursed by the state for the employer's share of Social Security contributions for TPAF members for the year ended June 30, 2012.

NOTE 6. PRIOR PERIOD ADJUSTMENT

The Schedule of Expenditures of Federal Awards, for the year ended June 30, 2012, was adjusted to reflect the cancellation of \$120,264.65 of prior year encumbrances and payables. The Schedule of Expenditures of State Financial Assistance for the year ended June 30, 2012 was not adjusted.
