- ¹ The 'Actual Value' column displays your school's performance on the given indicator for Students with Disabilities students.
- ² The 'Indicator Score' column displays your school's final percentile rank for each given indicator when compared to all other schools in your configuration grouping for the SpEd student group. For example, a percentile rank of 25 indicates that your school performed as well or better than 25% of all other schools in your configuration grouping on that indicator for the given student group.
- ³ Comparisons should NOT be made between the 2021-2022 and 2022-2023 ELA and Math growth data. A different growth indicator, RSIM, was used in place of mSGP during the 2021-2022 identification year.
