

Oct. 2, 2023
Township of Union School District
Att: Dr. Gretel Perez
2369 Morris Avenue
Union, NJ 07083

Dear Dr. Perez,

Thank you for being a part of SILAS. We are thrilled that school is back in session and resuming normalcy. However, I think we can agree that this is still a new normal. According to the *Children's Hospital Association*, "The COVID-19 pandemic exacerbated the behavioral and mental health crisis among kids."

While all of our lives were disrupted by COVID, children in particular were unable to socialize and interact with other children normally. These are crucial skills that help us to manage our emotions and feelings throughout our lives. That is why SILAS is committed to helping students grow with our SEL, Executive Functioning, ABA, and Transition/Vocational curriculums.

New Features

- New Executive Functioning screener and curriculum for grades 2-8
- Updated progress monitoring graphs to show growth over time
- New additions to our reporting features
- Updated pages where student work can easily be completed and sent back to the teacher

Partners

- Dr. George McCloskey and SILAS have partnered on the Executive Functioning screeners and curriculum. Dr. McCloskey is world-renowned for his experience in improving students' self-regulation capacities in the classroom. He also is a leader when it comes to behavior management and assessments and interventions for executive functioning difficulties related to academic and behavior problems.
- SILAS is actively working with Dr. Elizabeth Torres, professor in the Center for Cognitive Science and the Psychology Department at Rutgers University, as well as Director of the [Sensory Motor Integration Lab](#).
- SILAS continues its partnership with the [Magnolia Consulting Group](#), a group of subject matter experts and practitioners that provide professional development, consulting, and coaching services to districts seeking to develop and implement SEL, behavior, and MTSS solutions. Please contact us for an introduction.

Attached is a copy of your renewal form, which will be used to generate a purchase order. From there, we can generate an invoice for payment. If a purchase order is not needed, please let us know.

At SILAS, we are here to support all your social competency and behavior needs. We look forward to continuing our working relationship with you.

Sincerely,

A handwritten signature in black ink, appearing to read 'C Dudick'.

Christopher Dudick/CEO
