To Our Valued Friends,

The Union High School Girls Cross Country team is asking for your support for the 2015-16 season. Your donations will help to defray the cost for shoes, uniforms, and race fees. We are also working towards fundraising for the Disney Cross Country Classic presented by New Balance in Florida in October. The runners will race against some of the best teams from all over the United States, as we have consistently been one of the most competitive teams in New Jersey. Any monetary donation you can make to help offset any costs will be greatly appreciated.

Supporting the team would give the girls the opportunities to compete on a higher level and enhance their opportunity to reach their maximum potential. Please help to make this season one our runners will never forget. Our runners and Union High School community will truly appreciate your kindness and support. Please be as generous as you can and send your donation directly to:

UHS Girls Track
